

THE OPERATING SYSTEM FOR MODERN GYMS

One platform. Every part of your gym.

Members, schedule, finance, tax, trainers and your own white-label member portal — replacing seven disconnected tools with one product, one bill, one team to learn.

BRANCHES

Stop running your gym from seven browser tabs.

Fitro360 is a single product that handles members, classes, payments, payroll, inventory, tax filing and the member-facing portal — built specifically for gyms operating one location or twenty.

ONE PRODUCT

Replaces booking, billing, accounting, payroll, inventory and member-app vendors.

WHITE-LABEL

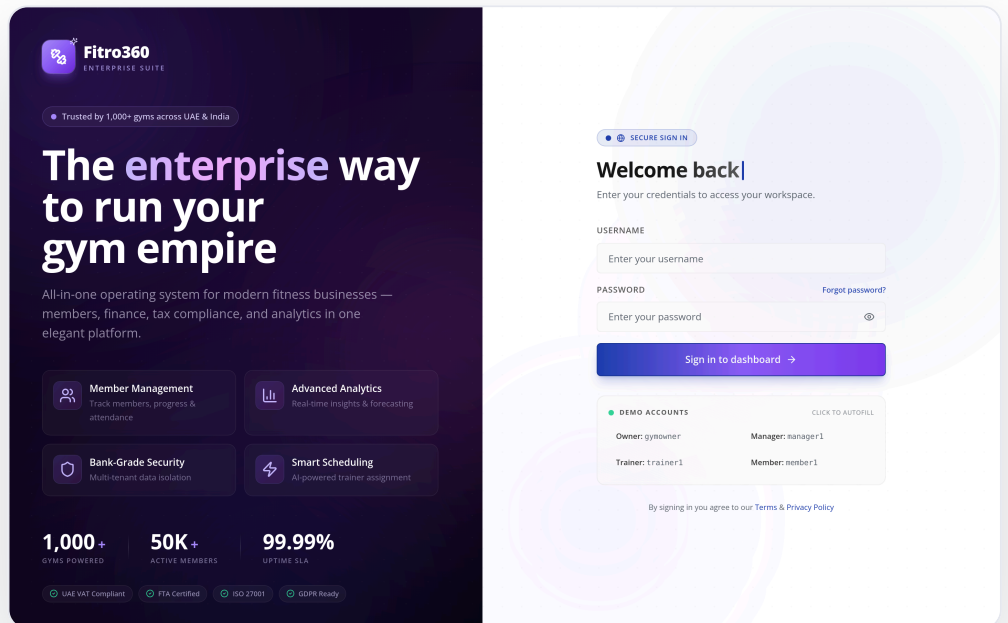

Your brand on the member portal, not ours. Members never see Fitro360.

COMPLIANCE BUILT IN

Tax-grade invoicing, VAT and corporate-tax filing as core features, not add-ons.

MULTI-BRANCH

One gym or twenty — same product, no enterprise upcharge.

Your morning coffee, made useful.

Today's revenue, members through the door, classes about to start, equipment alerts and AI suggestions — visible at a glance.

Schedule

Classes, PT sessions, room bookings and shifts on one calendar. Day, week, month views. Drag to reschedule, resize to change duration. Conflicts flagged in red the moment you create them.

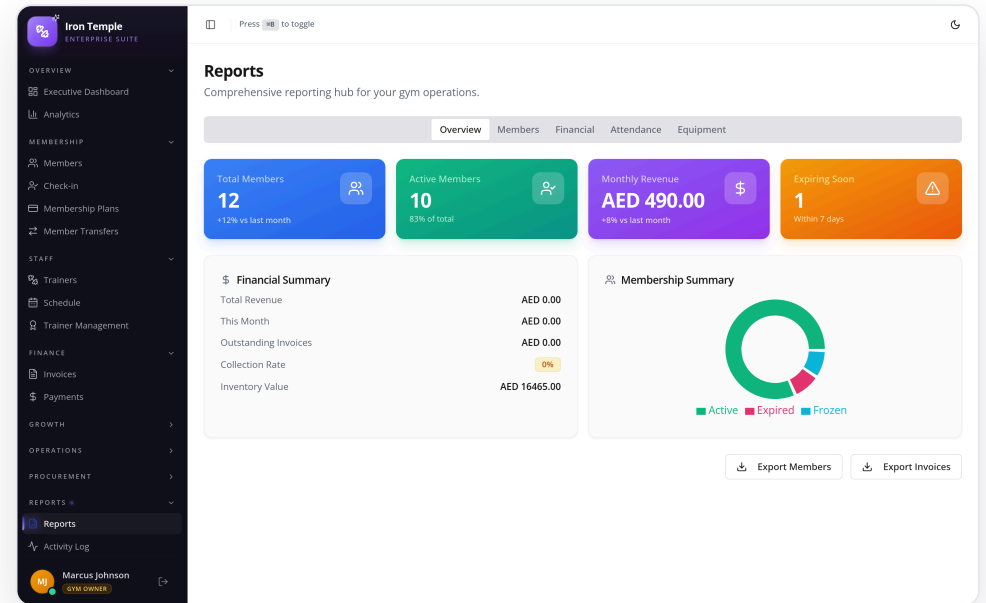

FOR THE OWNER • DECISIONS, NOT DATA

Insights that change what you do tomorrow.

Analytics

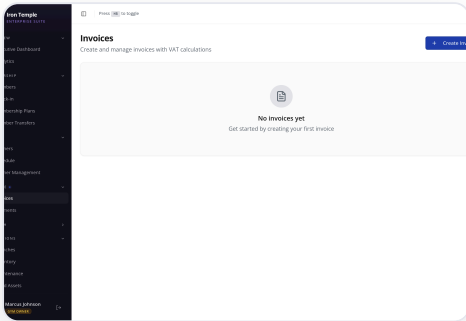

Revenue by plan and branch, attendance heatmap, retention cohorts, peak-hour staffing, trainer leaderboard, class fill-rates. Built for owners who want to act, not admire dashboards.

Reports

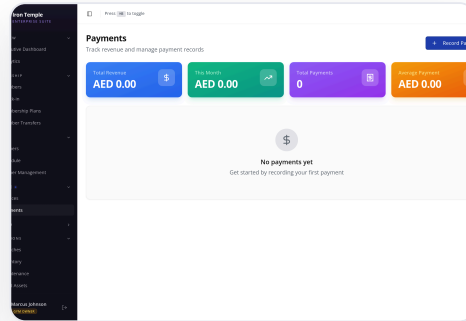

Audit-ready, accountant-friendly. Daily collection, sales register, ageing receivables, commission statements, tax reports — every report exports to CSV, Excel or PDF.

Audit-ready by default. Not bolted on, not optional.

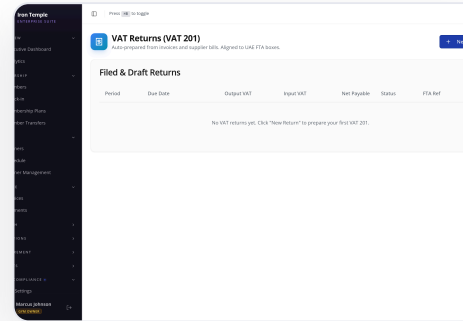

Invoicing

Sequential, gap-free numbering. Multi-currency. Tax-inclusive or exclusive. Email with payment link.

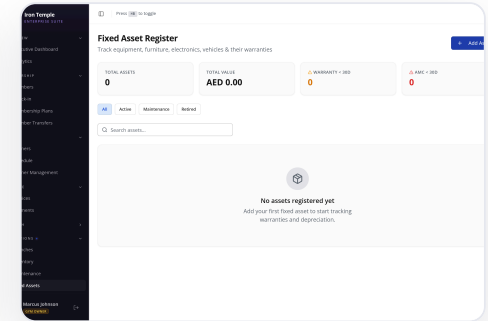

Payments

Cash, card, transfer, online — one ledger. Reconcile against bank in minutes at month-end.

VAT Returns

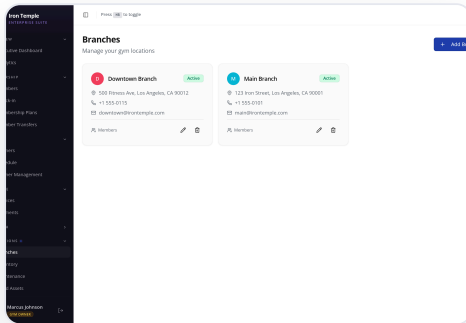

Generated from your invoices and bills. Drill to any line. Lock and file with full audit pack.

Fixed Assets

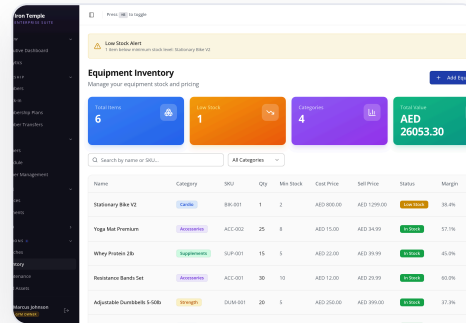

Every capital item with depreciation calculated automatically. Required for accounting — done for you.

Run one location or twenty — same product, same workflow.

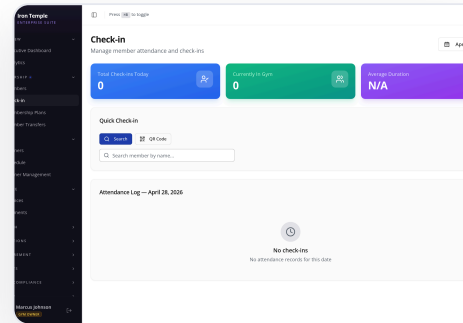

Branches

Per-branch pricing, hours, staff and inventory. One consolidated view of the whole business.

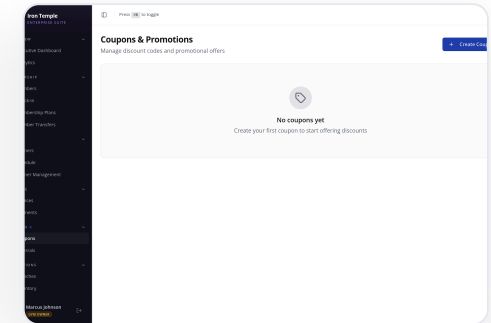

Inventory

SKU master, branch-level stock, reorder alerts, transfers and stock-take with variance reconciliation.

Check-In

QR, RFID or quick search. Auto-handles expired memberships, balances, waivers and class roll-call.

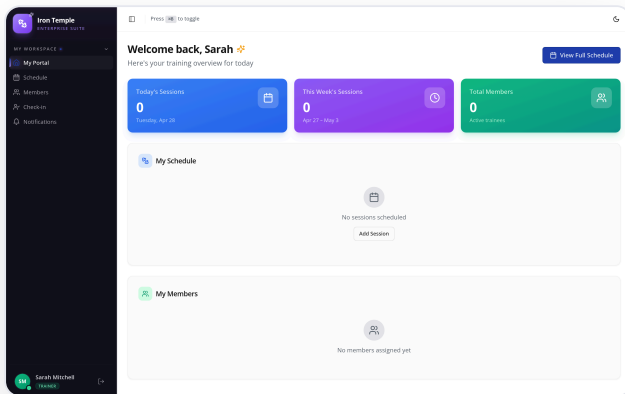

Coupons & Referrals

Promo codes that pay for themselves. Built-in referral programme with leaderboard and ROI tracking.

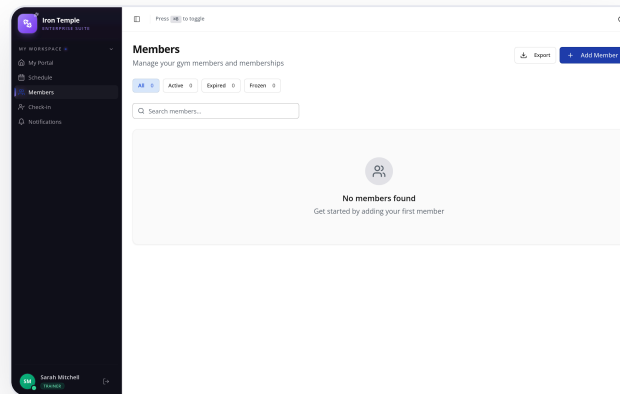

A workspace your team will actually thank you for.

Focused, mobile-friendly, built around the trainer's day. Less admin, more coaching.

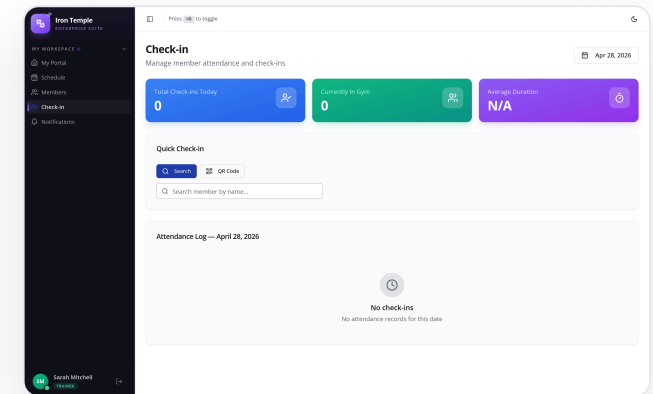

Portal

Today's sessions, assigned members, KPIs and alerts on one home screen. No searching.

Members

Goals, programme, last session, adherence and progress photos — every detail to deliver a great session.

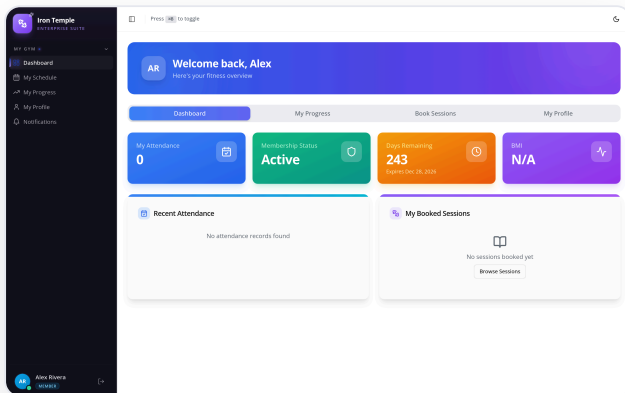

Class Check-in

Pick the class, see the roster, tick attendees. Done. Attendance flows to retention metrics automatically.

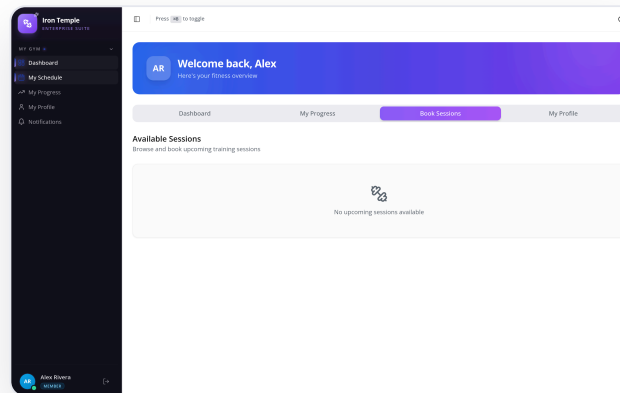

A product your members will open every day.

Simple, mobile-first, white-labelled with your brand. Booking, progress, payments — self-service for them, fewer tickets for your front desk.

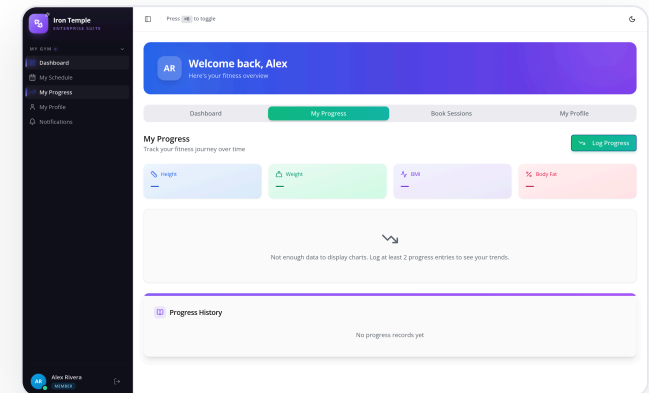

Dashboard

Membership status, next class, streak, balance and trainer card — the everyday view they come back to.

Book a Class

Browse the timetable, book in two taps, join a waitlist or cancel. Adds to Google or Apple Calendar.

Track Progress

Visit consistency, body measurements, personal records and progress photos with side-by-side comparison.

Six reasons gyms switch — and stay.

01

One product replaces seven

Booking, billing, accounting, payroll, inventory, member app, marketing — one bill, one team to learn.

02

Compliance is core

Tax-grade invoicing, VAT and corporate-tax filing built in. You won't fail an audit because of how you bill.

03

AI where it earns its keep

Trainer matching, churn prediction, peak-hour staffing — quietly working in the background.

04

Multi-branch from day one

Run one or twenty. No enterprise upcharge. Per-branch pricing, hours, inventory and staff.

05

White-label experience

Your logo, your colours, your domain on the member portal and emails. Members see your brand, not ours.

06

Predictable, transparent pricing

Pick a plan, monthly or annual. Switch any time with prorated billing. No setup fees, no surprises.

GET STARTED

From this PDF to a live gym workspace in three steps.

No card needed for the trial. Onboarding included on Pro and Enterprise plans.

01

Start your free trial

Pick a plan and start a 14-day trial.
Workspace provisioned in seconds.

02

Import your data

Bring members, plans and history across with the wizard — or have our team do it for you.

03

Go live with confidence

Train your team in 60 minutes. Run side-by-side for a week. Cut over when ready — we'll be on the call.
