## PART 1

# Welcome

Fitro360 is the operating system modern gyms run on. One product, one login — replacing seven disconnected tools your team uses today.

# Sign in. That's the whole onboarding.

One secure URL. Owners, managers, trainers and members all sign in here. Roles route automatically — nothing to configure, nothing to install.

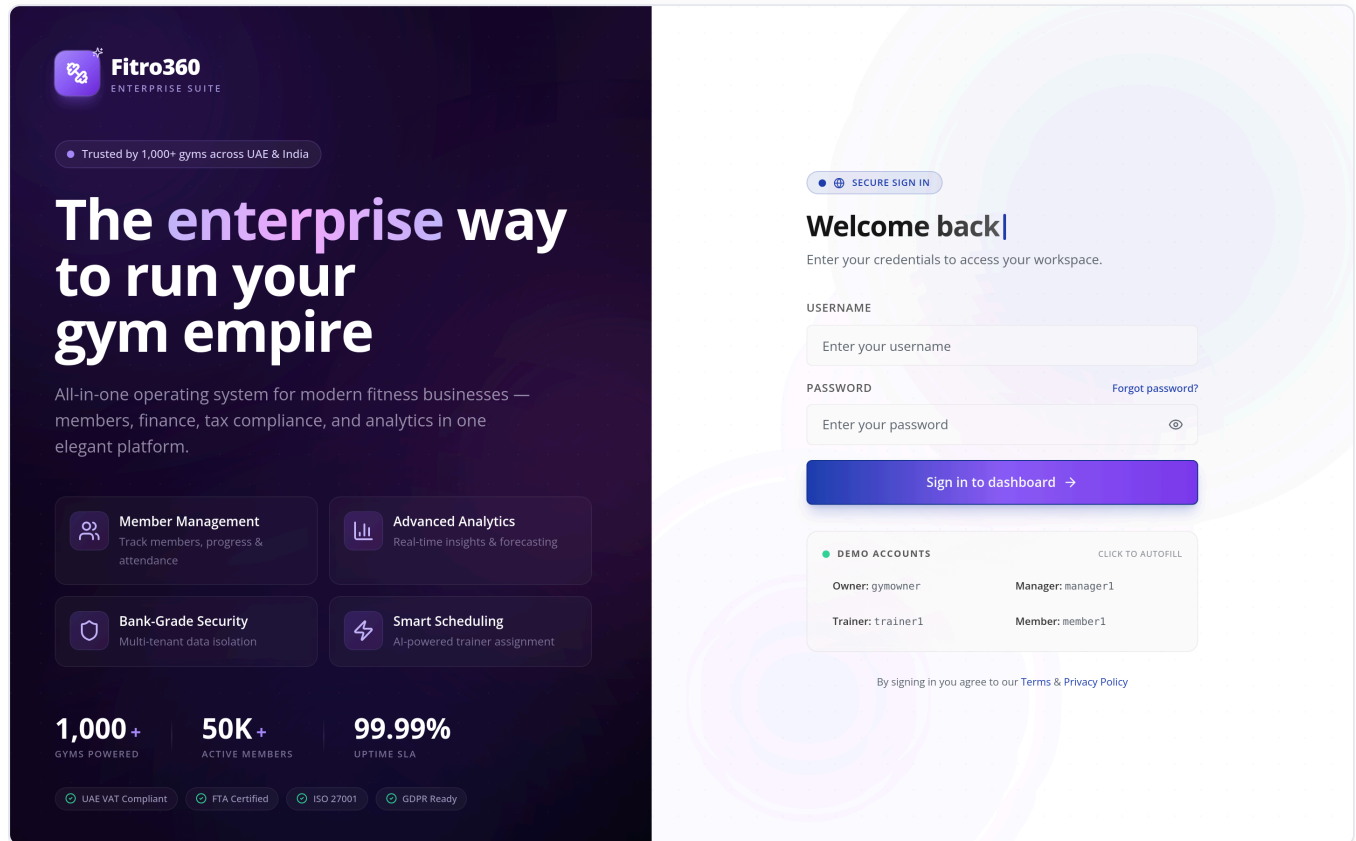

FIG. 1

## WHAT YOUR TEAM GETS FROM DAY ONE

- **Single sign-on** — one set of credentials per person, across every device.
- **Role-aware workspace** — each user sees only what they need.
- **Mobile-first** — same UI on phone, tablet and desktop. No app store wait.
- **Bank-grade security** — sessions encrypted end-to-end, optional 2FA.

## PART 2

# For the Owner

Your gym, your numbers, your team — visible and controllable from one workspace. Make decisions in minutes that used to take days of spreadsheets.

# Dashboard — your morning coffee, made useful

Today's revenue, members in the door, classes about to start, equipment alerts and AI suggestions — all in one glance. Spot what needs attention in 60 seconds.

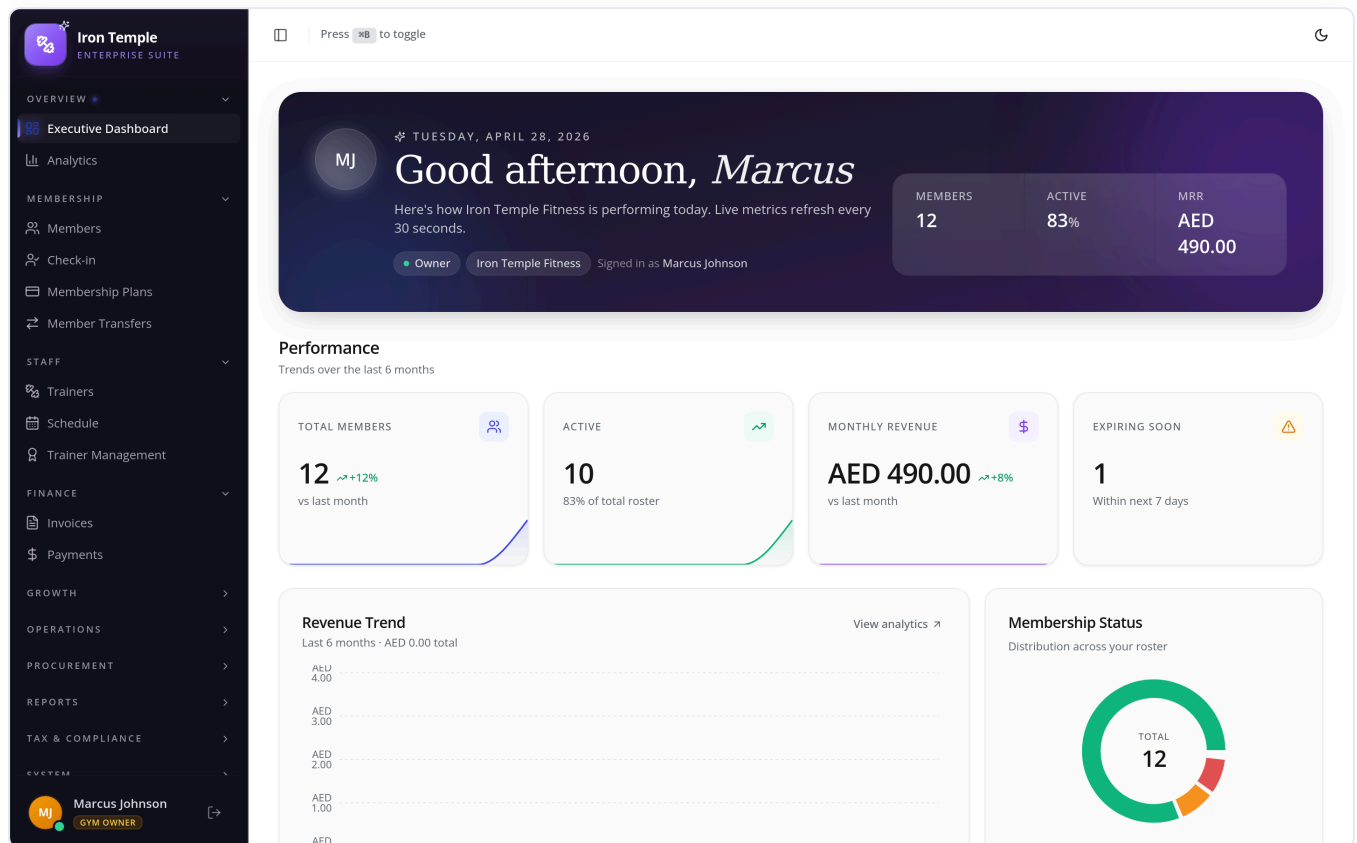

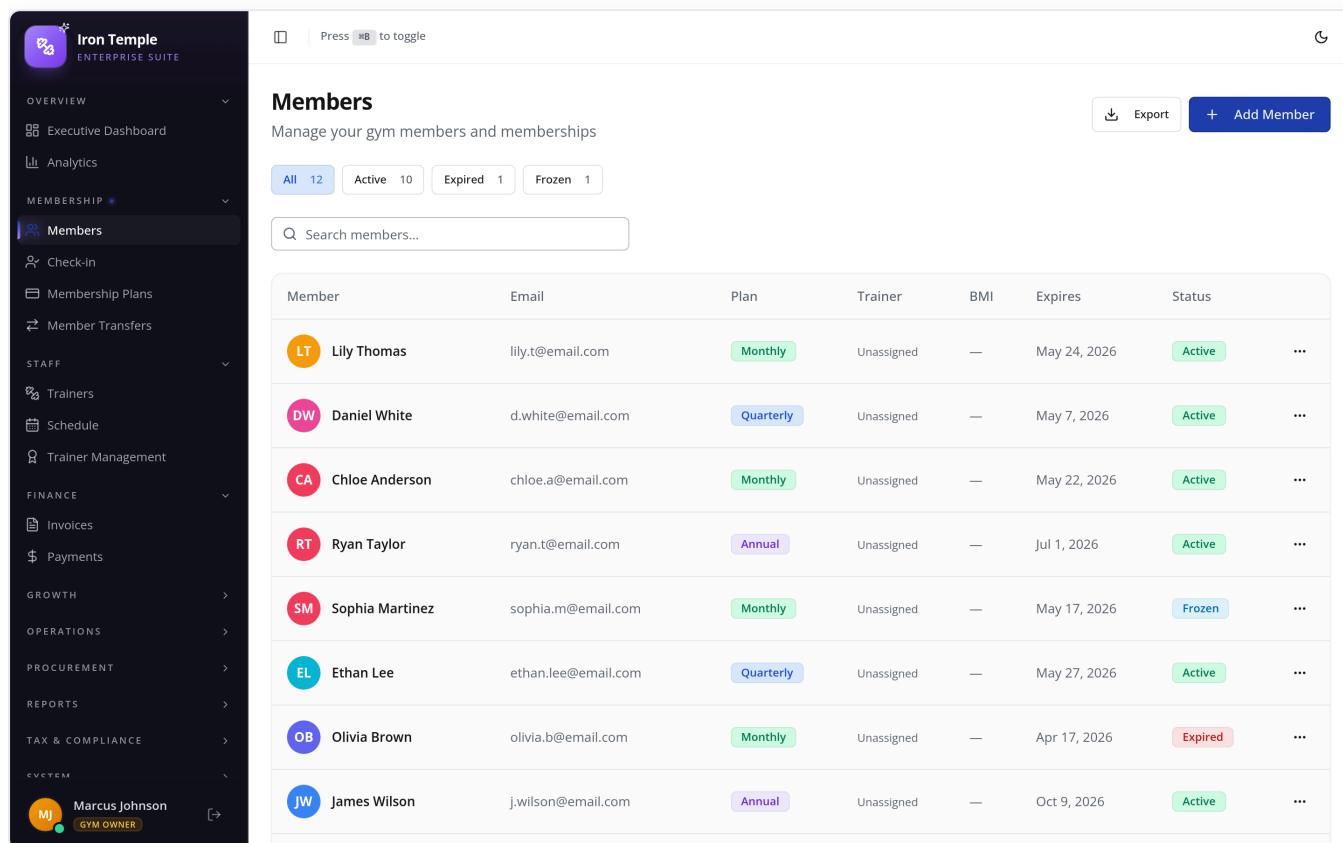

FIG. 2

## WHAT'S ON IT

- Revenue today, with a 7-day sparkline.
- Active members, churn this month, lifetime value trend.
- Live check-in counter — updates as members swipe in.
- Outstanding invoices with one-click chase.
- Today's classes and equipment alerts.

# Members — every relationship, fully recorded

A complete picture of every member. Search, segment, message and serve them in seconds.

| Member                                                                                              | Email               | Plan      | Trainer    | BMI | Expires      | Status  |     |
|-----------------------------------------------------------------------------------------------------|---------------------|-----------|------------|-----|--------------|---------|-----|
|  Lily Thomas       | lily.t@email.com    | Monthly   | Unassigned | —   | May 24, 2026 | Active  | ... |
|  Daniel White      | d.white@email.com   | Quarterly | Unassigned | —   | May 7, 2026  | Active  | ... |
|  Chloe Anderson    | chloe.a@email.com   | Monthly   | Unassigned | —   | May 22, 2026 | Active  | ... |
|  Ryan Taylor      | ryan.t@email.com    | Annual    | Unassigned | —   | Jul 1, 2026  | Active  | ... |

|  James Wilson    | j.wilson@email.com  | Annual    | Unassigned | —   | Oct 9, 2026  | Active  | ... |

FIG. 3

## WHY IT MATTERS

- Search by name, phone, email or member ID — instant.
- Filter by status, plan, branch, trainer or birthday.
- Bulk SMS / email for promotions and renewals.
- Full profile: contact, photo, attendance, payment history, body measurements, signed waivers, notes.

### RENEWAL MAGIC

Filter expiring this month + send the renewal SMS template. A single workflow that typically pulls back 30%+ of would-be churners.

# Membership Plans — package, price, sell

Build any package your market wants — monthly, annual, day-pass, PT-only, corporate, family. Sell them online from the member portal or at the front desk.

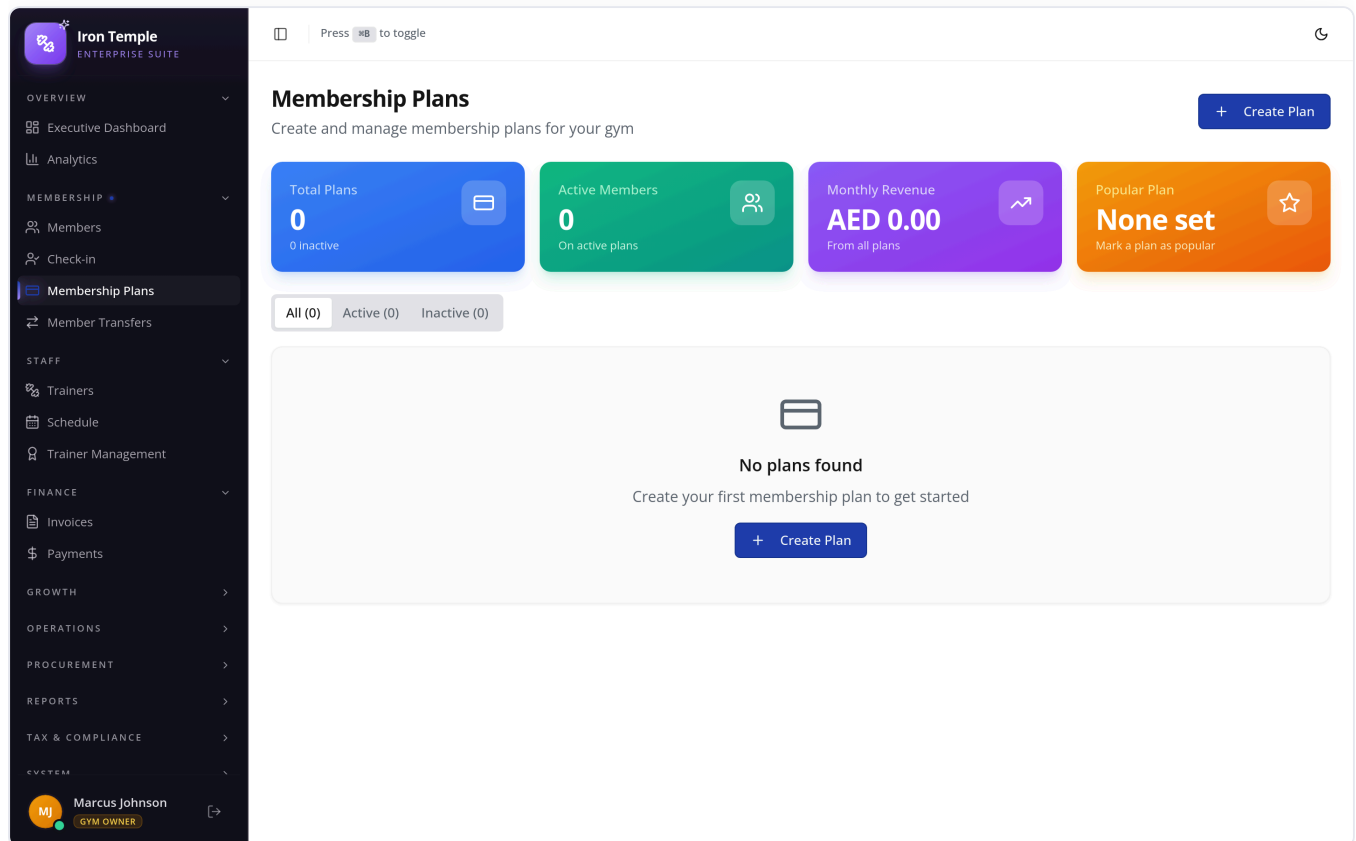

FIG. 4

## WHAT YOU CONTROL

- Price, duration, auto-renewal.
- Inclusions: gym, classes, PT sessions, sauna, pool.
- Branch availability.
- Public, private (staff-only) or archived.

# Trainers — your team, organised

Every trainer's profile, capacity, schedule and performance — in one tidy roster.

The screenshot displays the 'Trainers' management page within the Iron Temple Enterprise Suite. The left sidebar contains a navigation menu with categories like OVERVIEW, MEMBERSHIP, STAFF, FINANCE, GROWTH, OPERATIONS, PROCUREMENT, REPORTS, TAX & COMPLIANCE, and SYSTEM. The main content area is titled 'Trainers' and includes a sub-header 'Manage your gym trainers and their profiles'. At the top right of this area is a '+ Add Trainer' button. Below the header, there are three summary cards: '3 Total Trainers', '3 Active', and '0 Inactive'. A filter bar shows 'All (3)', 'Active (3)', and 'Inactive (0)'. The main section is a table with columns: Trainer, Contact, Specializations, Experience, Status, and Actions. The table lists three trainers: Sarah Mitchell (@trainer1), Mike Rodriguez (@trainer2), and Emma Chen (@trainer3), all with 'Active' status. The bottom of the sidebar shows the user profile for Marcus Johnson, GYM OWNER.

| Trainer                     | Contact                                 | Specializations | Experience | Status | Actions  |
|-----------------------------|-----------------------------------------|-----------------|------------|--------|----------|
| Sarah Mitchell<br>@trainer1 | ✉ sarah@irontemple.com<br>☎ +1 555-0112 | —               | —          | Active | 👁️ ✎️ ✖️ |
| Mike Rodriguez<br>@trainer2 | ✉ mike@irontemple.com<br>☎ +1 555-0113  | —               | —          | Active | 👁️ ✎️ ✖️ |
| Emma Chen<br>@trainer3      | ✉ emma@irontemple.com<br>☎ +1 555-0114  | —               | —          | Active | 👁️ ✎️ ✖️ |

FIG. 5

## AT A GLANCE

- Bio, certifications, specialties, photo.
- Current member load vs. capacity.
- Hourly rate or commission tier.
- Sessions delivered, retention, average rating.

# Trainer Management — assign, pay, scale

AI-suggested member-to-trainer matching, drag-and-drop reassignment, and one-click commission runs.

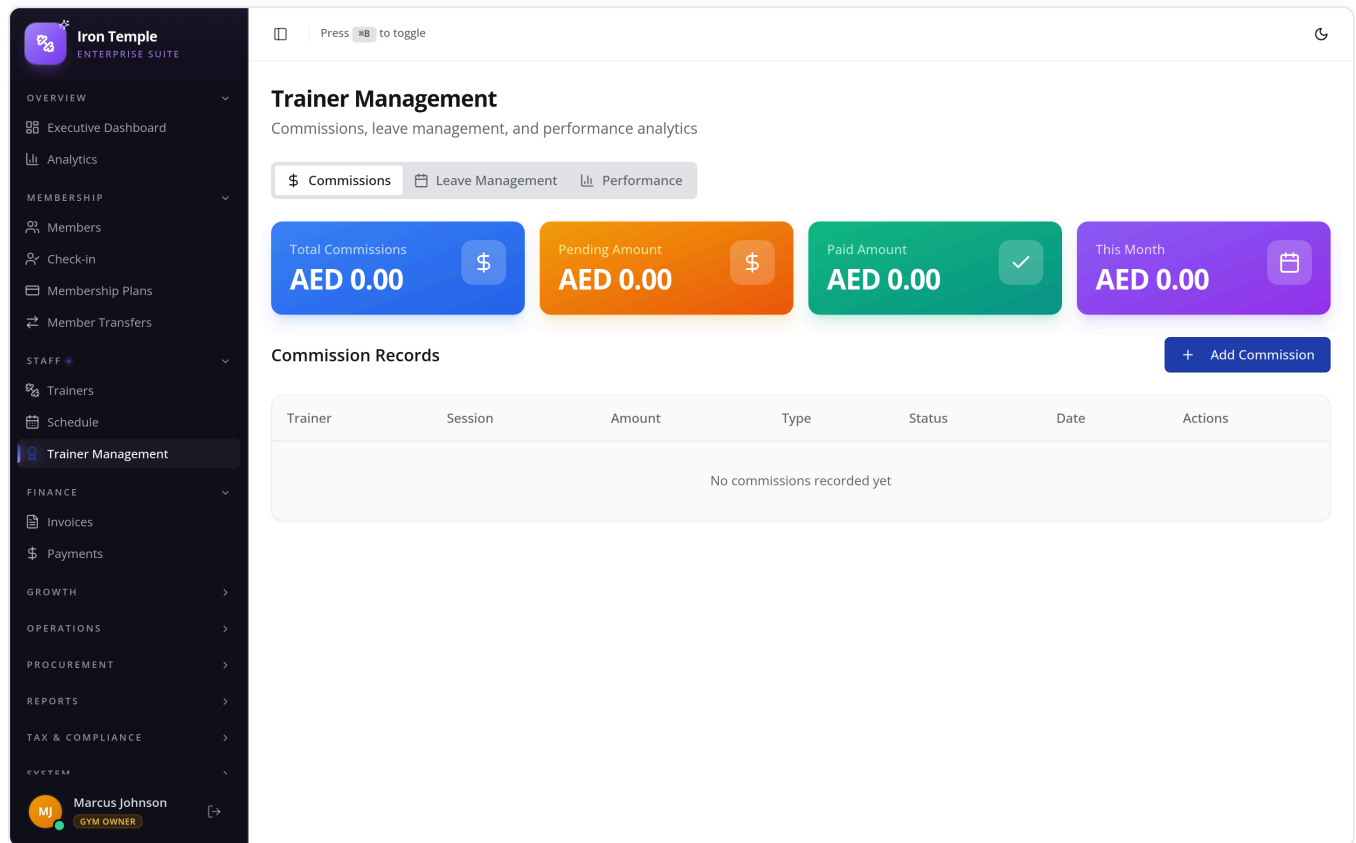

FIG. 6

## HIGHLIGHTS

- Auto-assign new members to the best-fit trainer based on goal, language, schedule and capacity.
- Drag and drop to reassign at any time.
- Flat, tiered or per-session commission setup.
- Close the payroll period with one click — exports to your accounting tool.

# Schedule — the whole gym on one calendar

Classes, PT sessions, room bookings and staff shifts — together, with conflict prevention built in.

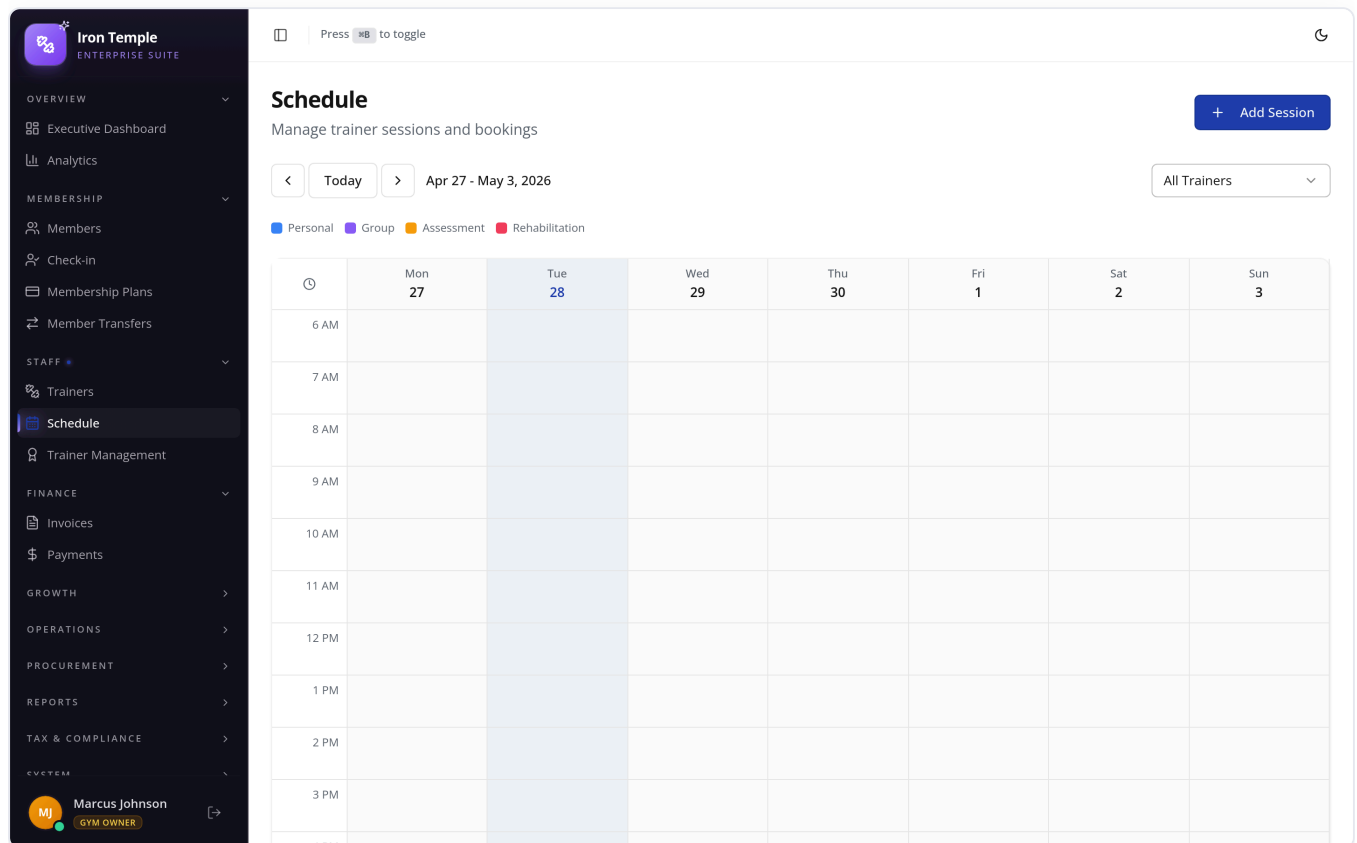

FIG. 7

## USE IT LIKE A PRO

- Day, week, month views; switch resource axis to trainer / room / branch.
- Click an empty slot to create; drag to reschedule; resize to change duration.
- Recurring rules — daily, weekly, custom.
- Conflicts flagged in red the moment you create them.

# Check-In — the front desk, modernised

QR code, RFID swipe or quick name search. Welcomes returning members by name. Handles expired memberships, unsigned waivers and class roll-call automatically.

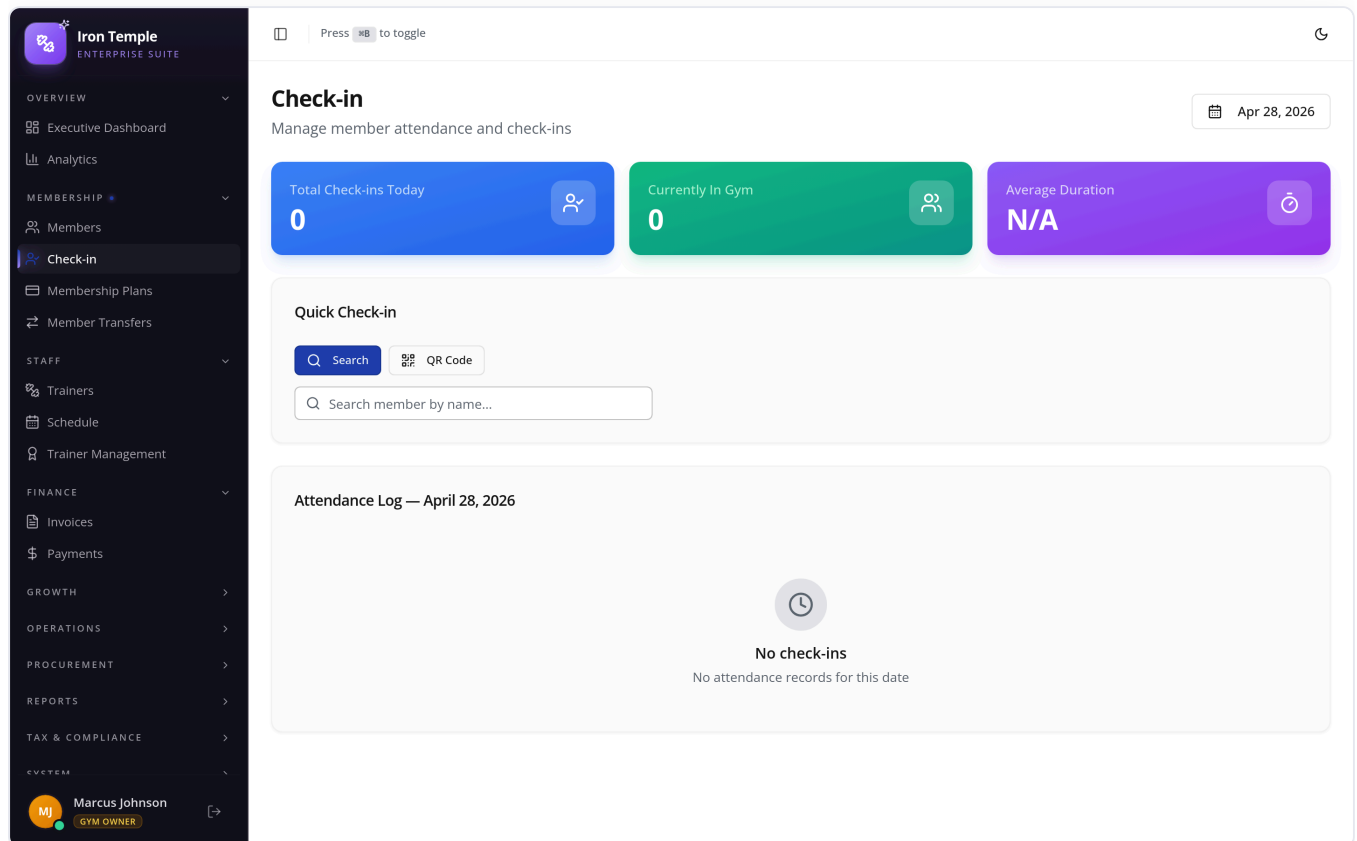

FIG. 8

## BUILT-IN CHECKS

- Membership active? If not, payment screen appears.
- Outstanding balance? Optional alert.
- Signed waiver on file? E-signature pad on the spot.
- Class booked? Confirms and marks attendance.

# Analytics — decisions, not data

Six dashboards built for owners: revenue, attendance heatmap, retention cohorts, peak hours, trainer leaderboard, class fill-rates.

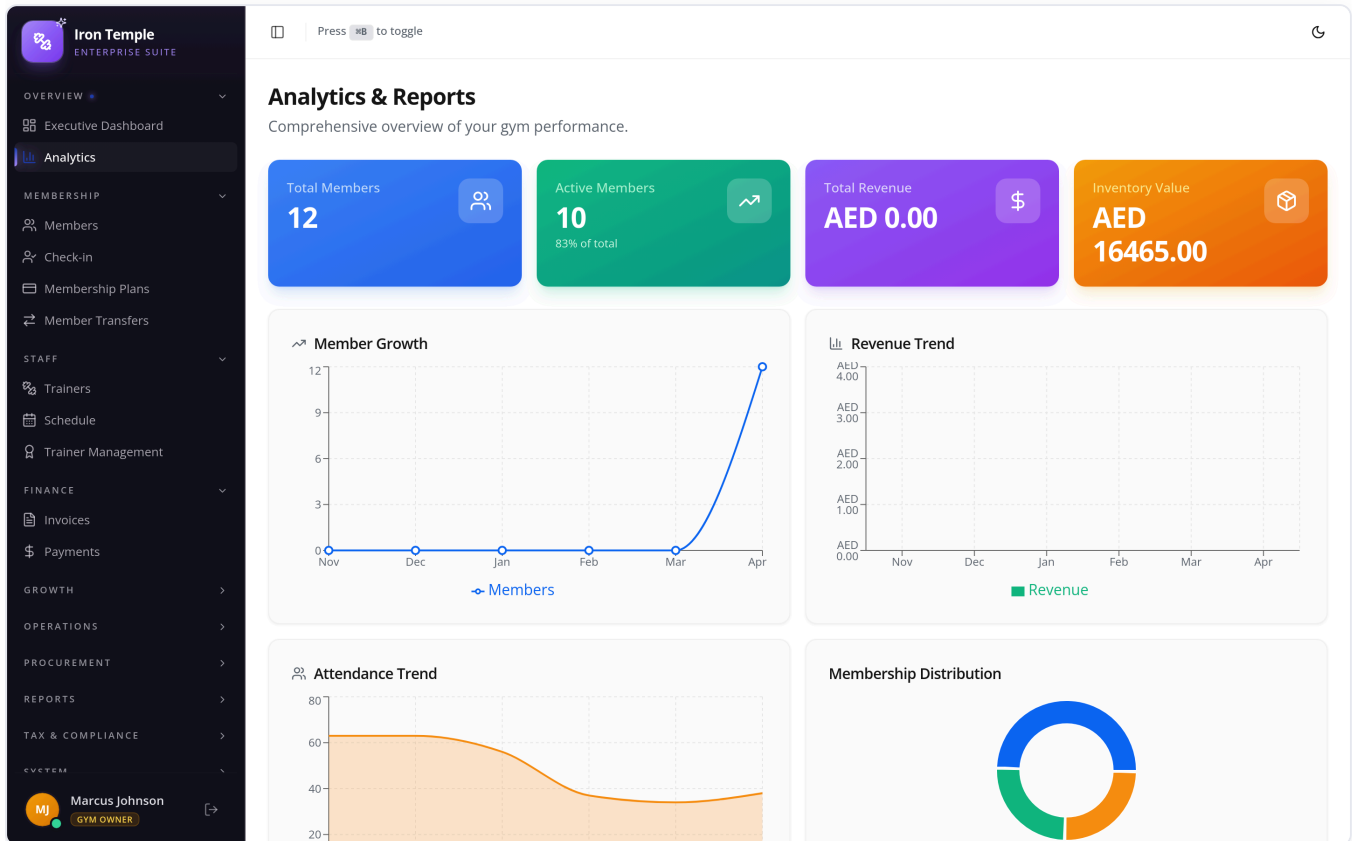

FIG. 9

## WHAT YOU'LL ACT ON

- Staff your peak hours correctly — heatmap shows you exactly when.
- Retention by signup cohort — see which months produce sticky members.
- Trainer leaderboard — identify your top retainers, not just top sellers.
- Class fill-rates — kill the duds, double down on winners.

# Reports — audit-ready, accountant-friendly

Every operational and financial report your accountant or tax agent will ask for. Filter, date, export to CSV / Excel / PDF.

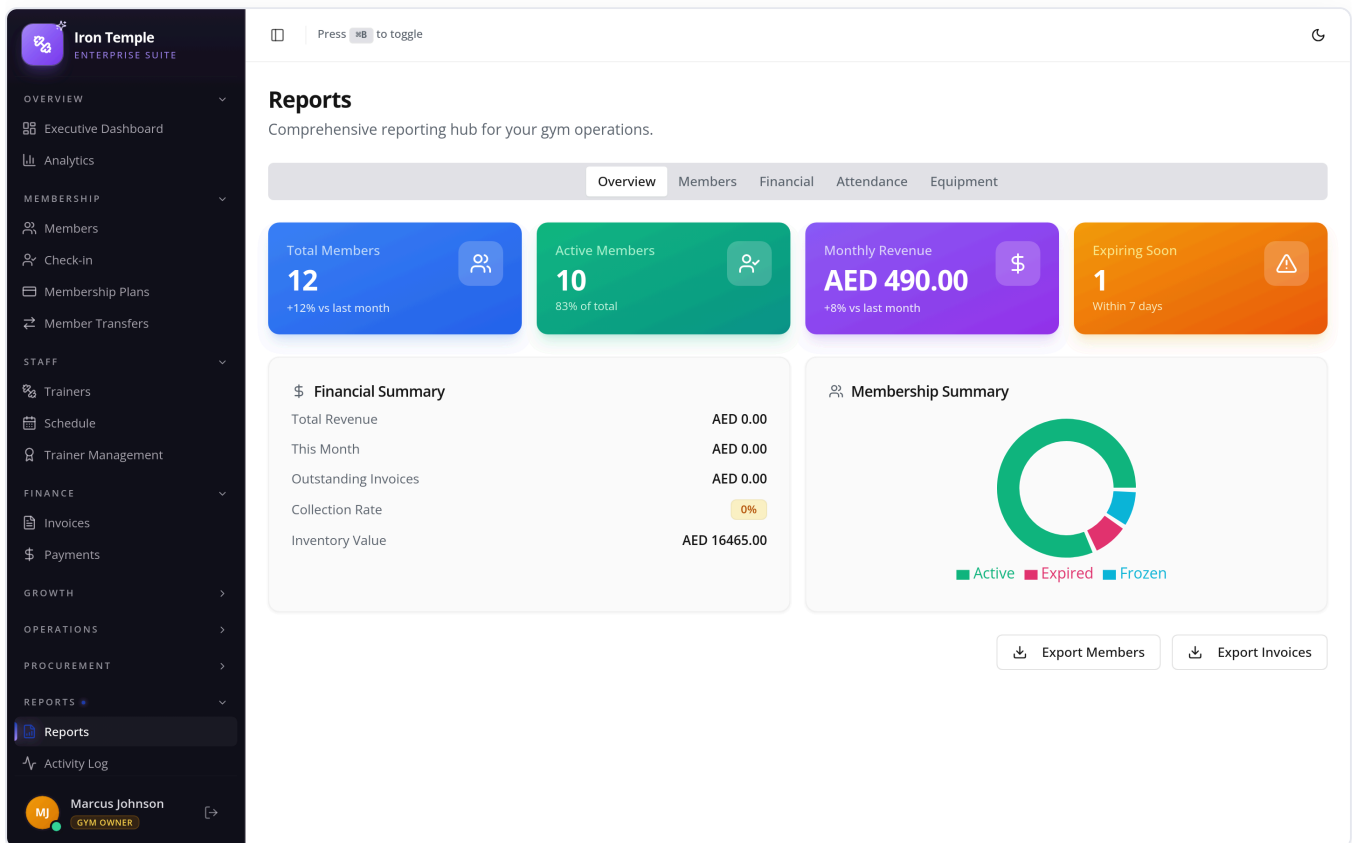

FIG. 10

## IN THE LIBRARY

- Daily collection summary.
- Membership sales register.
- Outstanding receivables ageing.
- Trainer commission statements.
- Class attendance roster.
- Inventory movement.
- VAT / GST report by tax period.

# Branches — one platform, every location

Run one gym or twenty — Fitro360 scales with you. Each branch has its own pricing, hours, staff and inventory; you keep one view of the whole business.

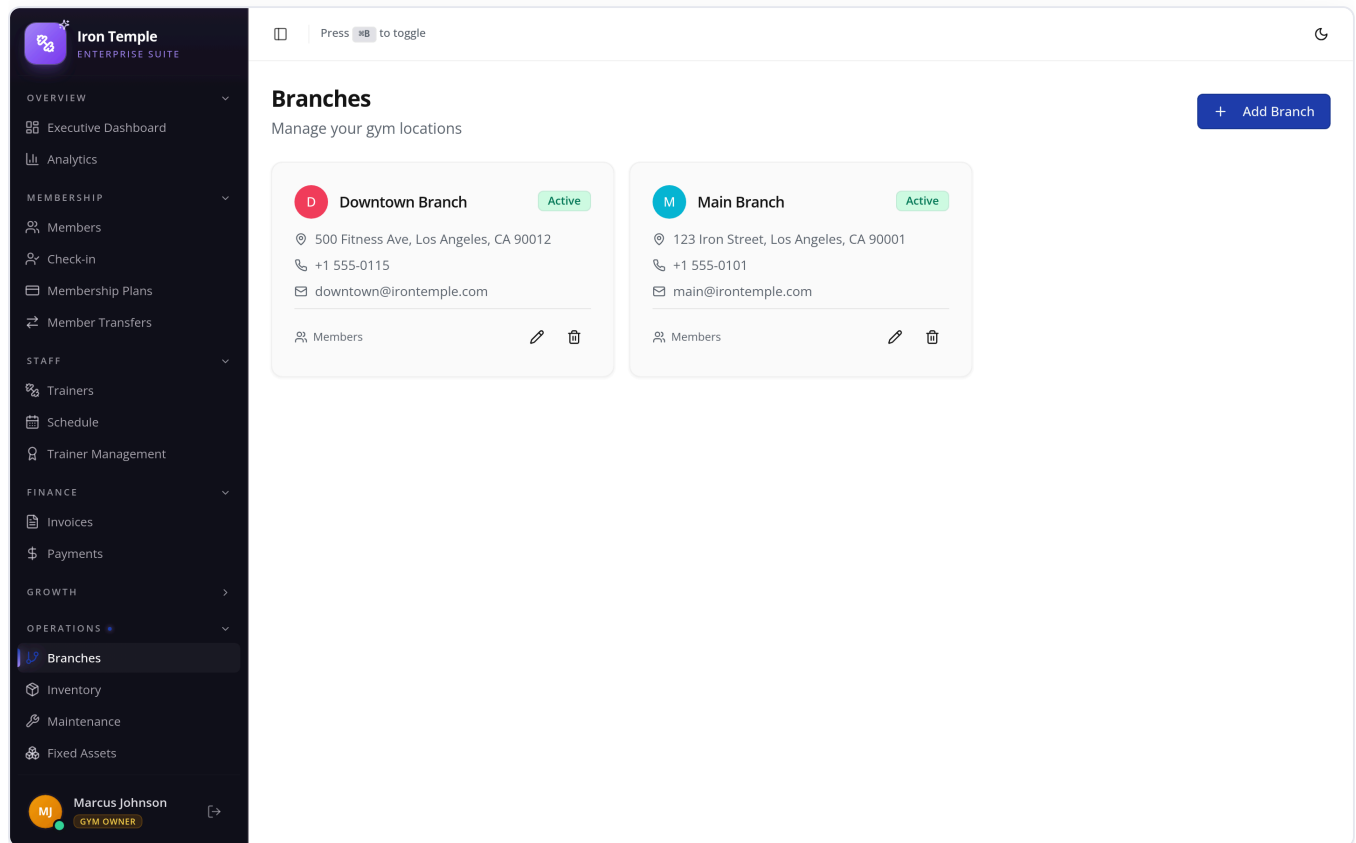

FIG. 11

## PER BRANCH

- Address, hours, manager.
- Available membership plans.
- Tax registration if you run separate legal entities.
- Branding overrides — match local identity if needed.

# Inventory — stop losing money to shrinkage

Track every supplement bottle, towel and merchandise SKU across every branch. Reorder alerts, transfers and stock-takes built in.

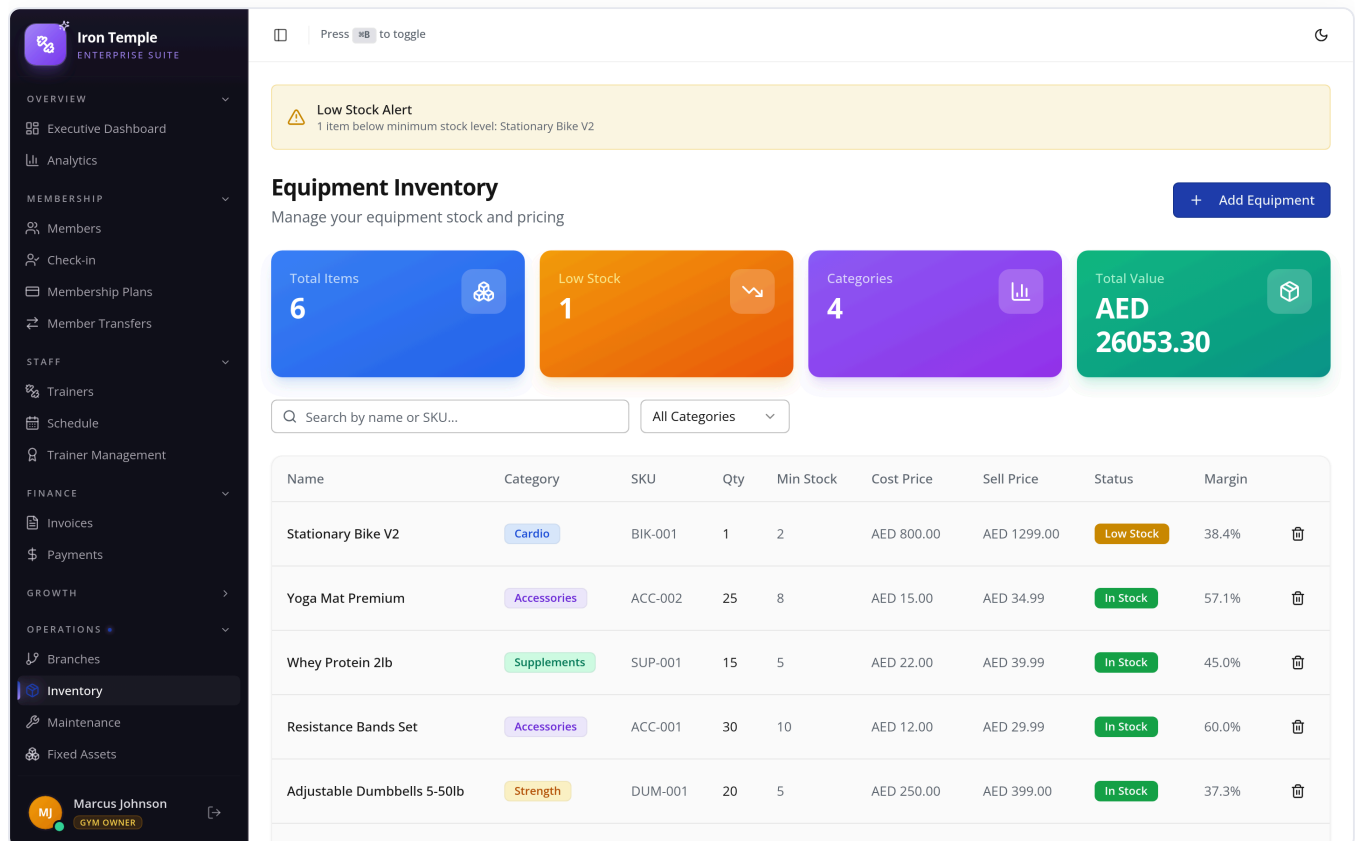

FIG. 12

## WHAT IT GIVES YOU

- SKU master with cost and sale price.
- Branch-level stock levels.
- Reorder-point alerts.
- Stock-take with variance reconciliation.

# Suppliers — vendors, organised

Your vendor master. Contacts, payment terms, tax registration and outstanding payables — never miss a payment again.

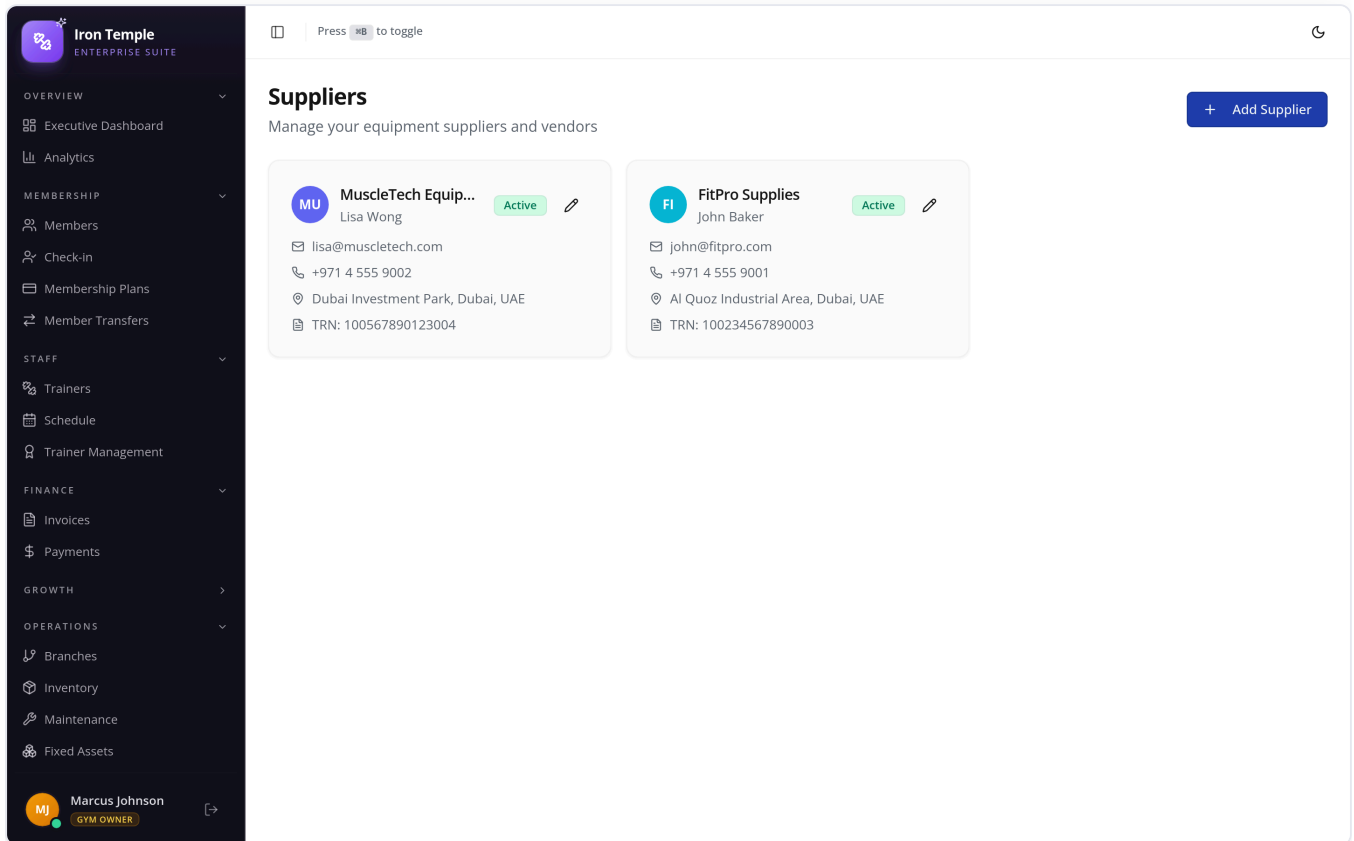

FIG. 13

# Supplier Bills — record, attach, pay

Capture every bill the moment it arrives. Attach the original PDF. Schedule payment. Input VAT flows automatically into your VAT return.

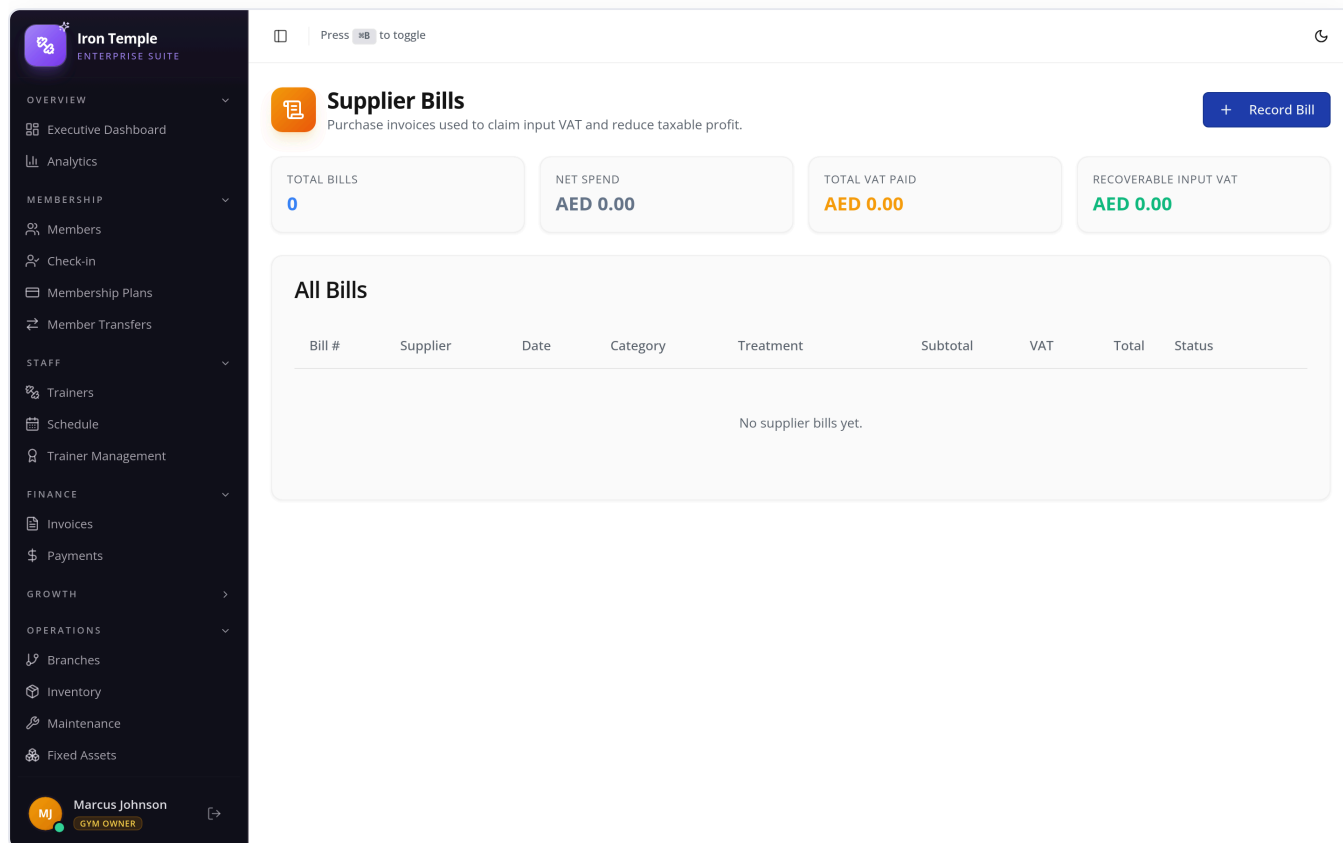

FIG. 14

## STOP OVERPAYING VAT

Enter the VAT line on every bill — Fitro360 pulls it into your return as input tax credit, reducing what you owe.

# Invoicing — tax-compliant, on-brand

Sequential, gap-free numbering. Multi-currency. Tax-inclusive or exclusive. Email straight to the customer with a payment link.

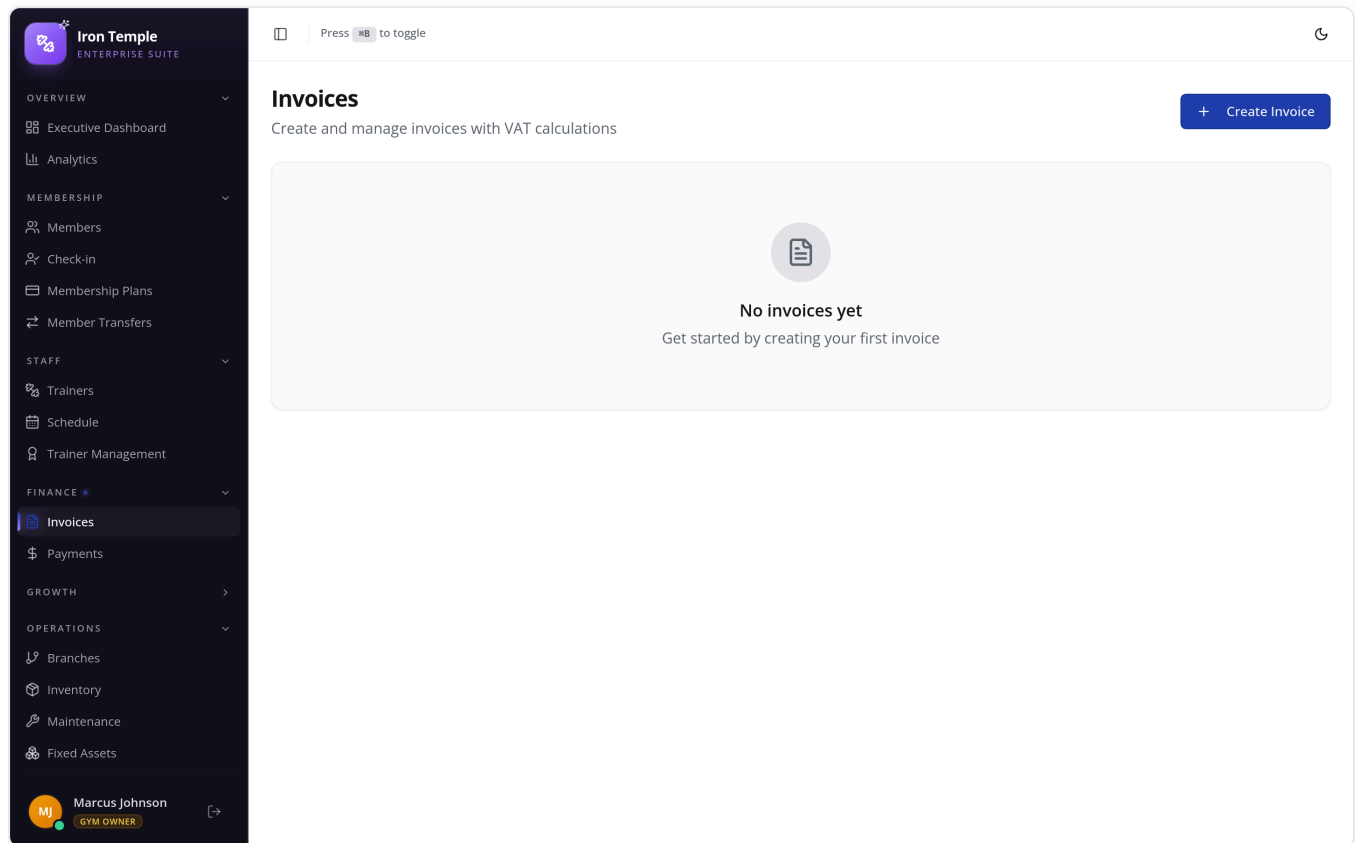

FIG. 15

## BUILT FOR COMPLIANCE

- Sequential numbering required by tax authorities — no gaps, no edits.
- Credit notes and refunds with full audit trail.
- Recurring invoices for corporate billing.

# Payments — every penny, accounted for

Cash, card, bank transfer, online — all in one ledger. Reconcile against your bank statement at month-end in minutes.

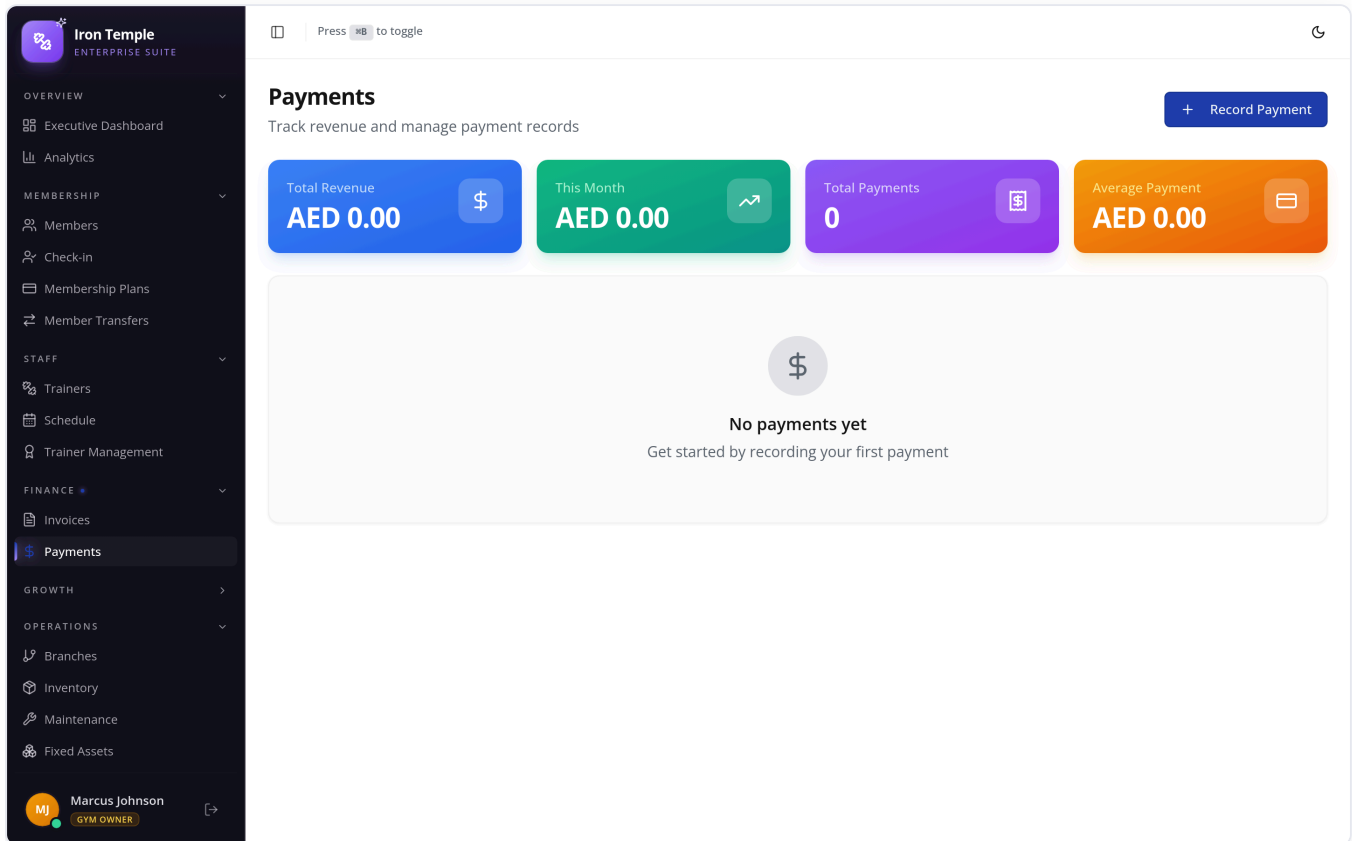

FIG. 16

# Maintenance — equipment, uptime

Preventive schedules and reactive tickets. Out-of-service flag automatically removes broken equipment from member booking.

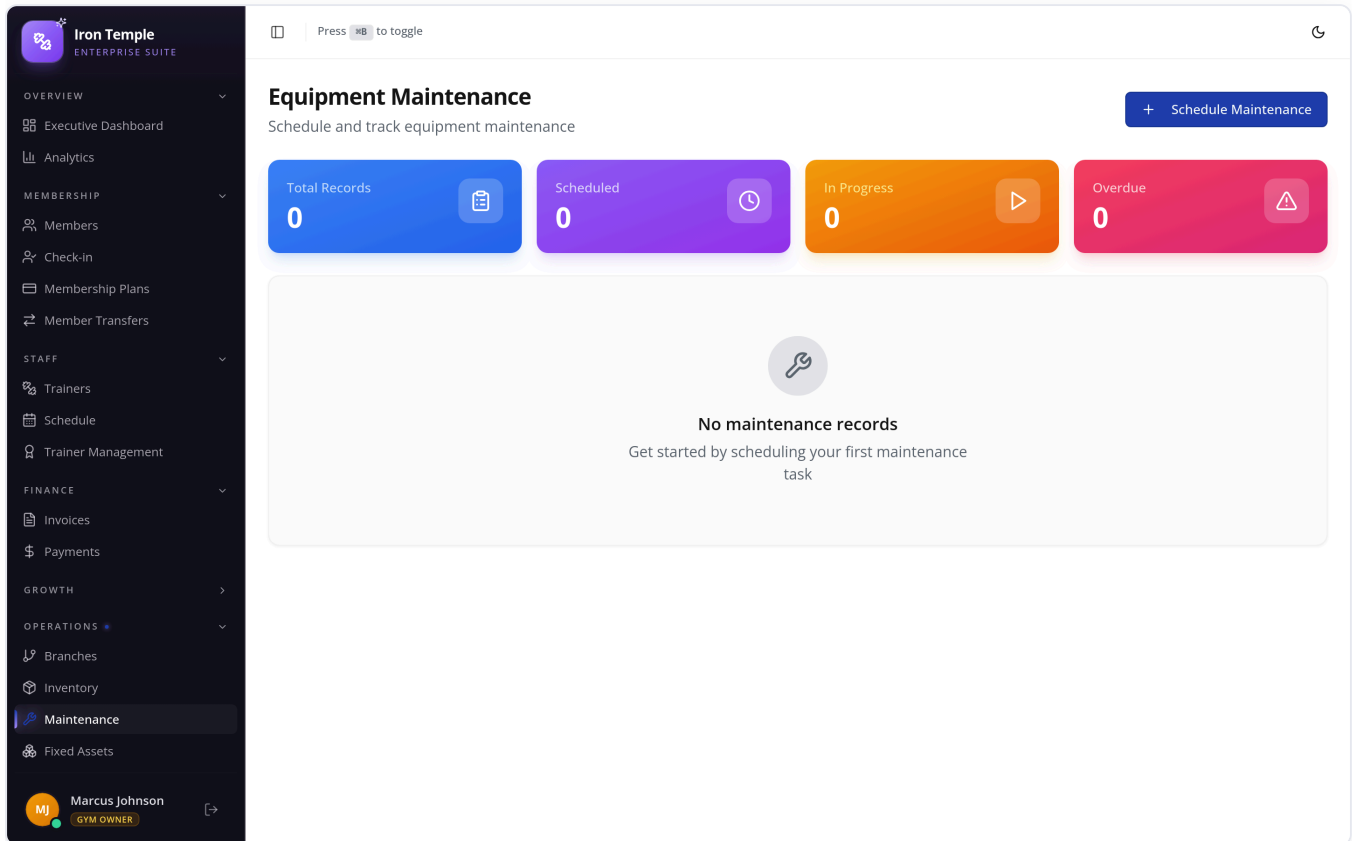

FIG. 17

# Fixed Assets — your balance sheet, automated

Every piece of capital equipment with depreciation calculated automatically. Required for accounting and corporate tax — done for you.

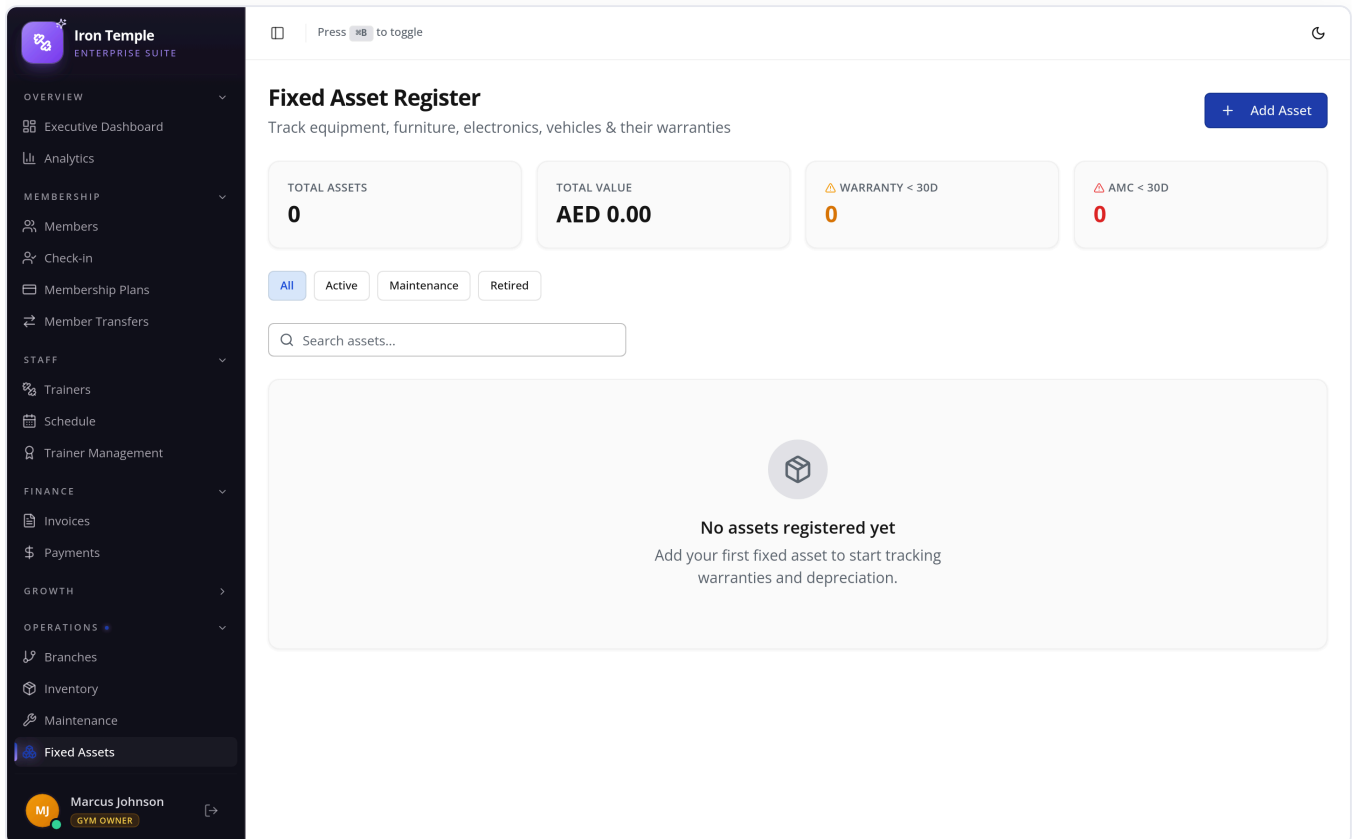

FIG. 18

# Membership Transfers — flex without friction

Freeze for travel or injury. Transfer between members or branches. Upgrade with prorated charge. All audited, all reversible.

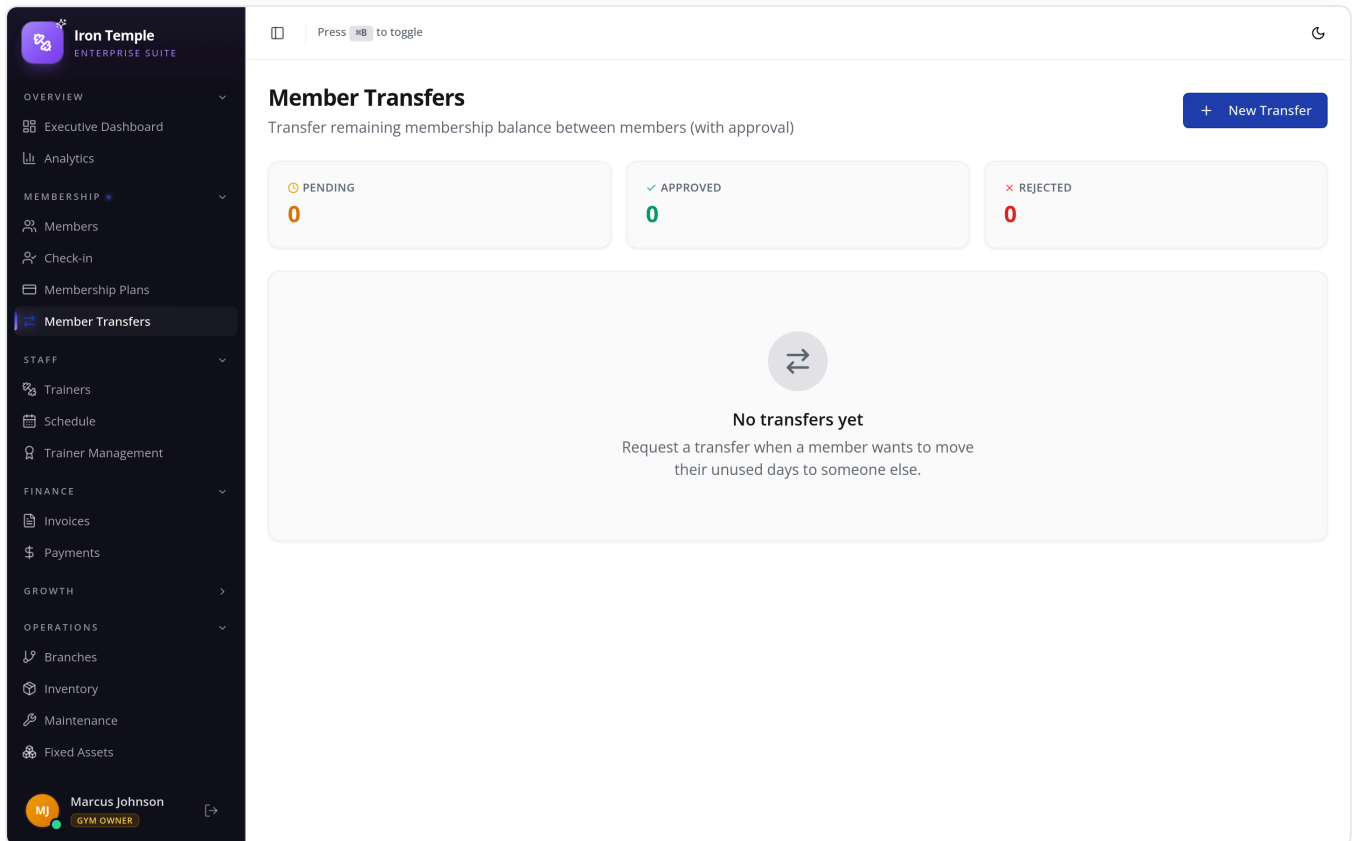

FIG. 19

# Coupons — promotions that pay for themselves

Percentage or fixed discount. Restrict by plan, branch or new-only. Usage caps. Expiry. ROI report shows revenue impact.

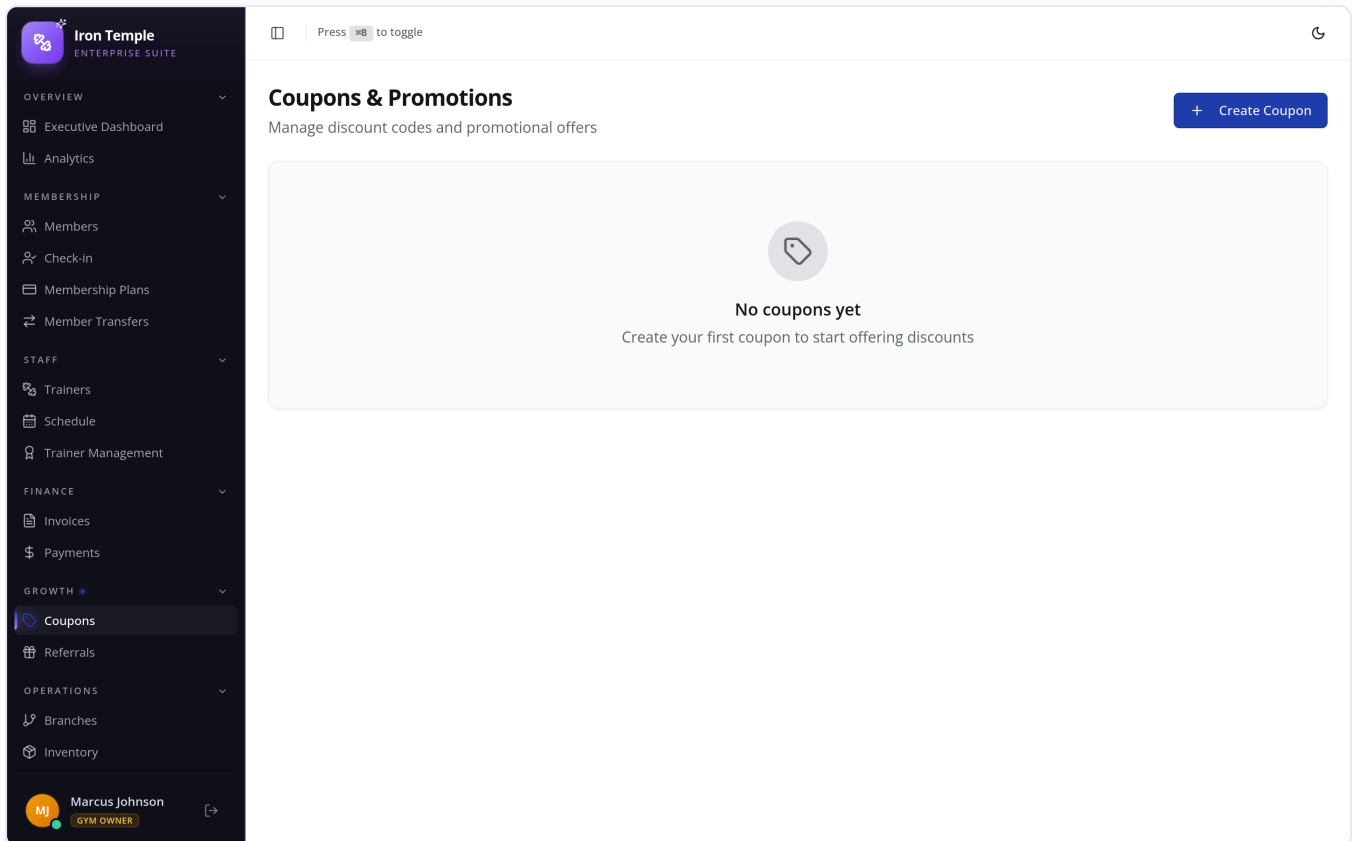

FIG. 20

# Referrals — your members are your sales force

Each member gets a unique code. Both sides earn the reward. Leaderboard surfaces your top advocates so you can thank them publicly.

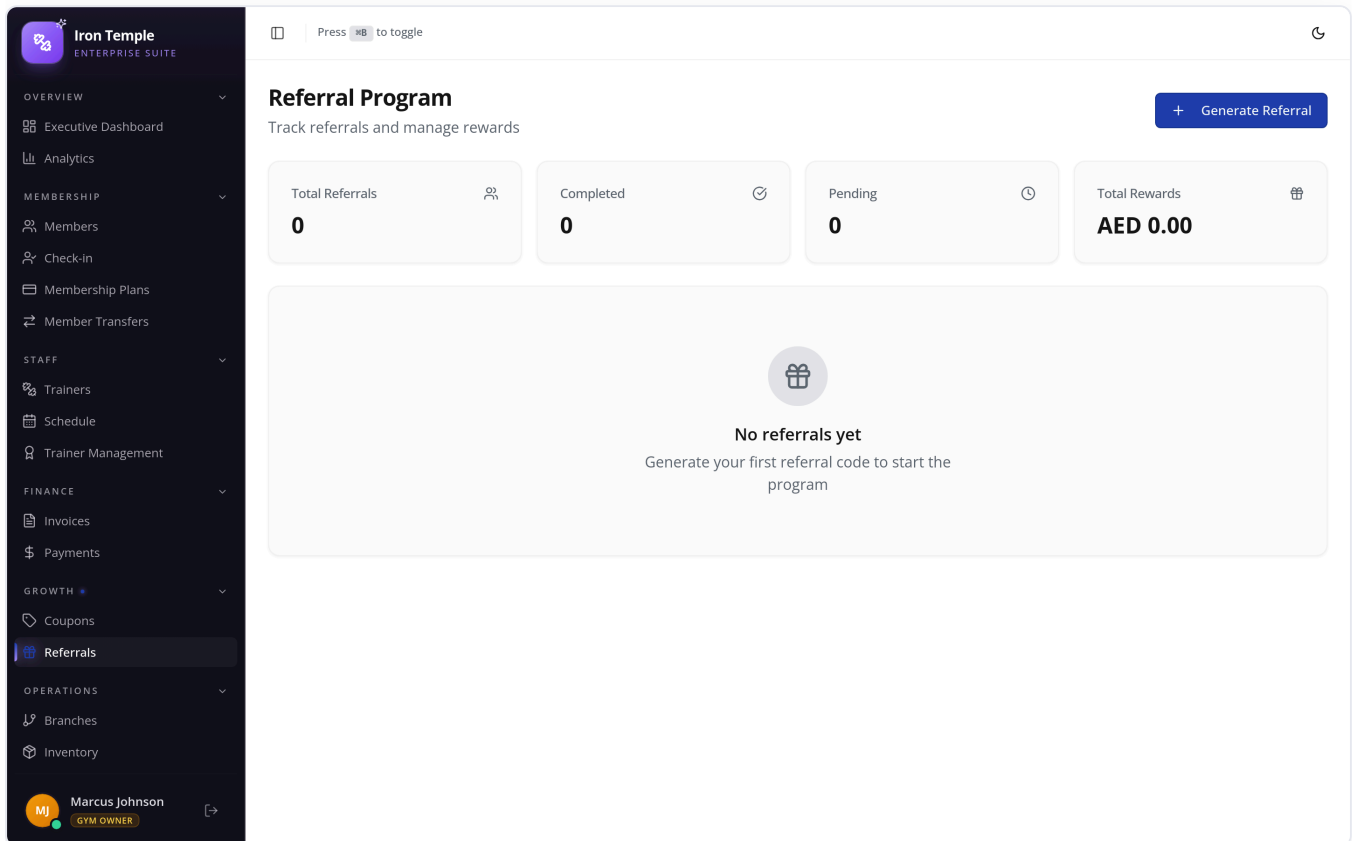

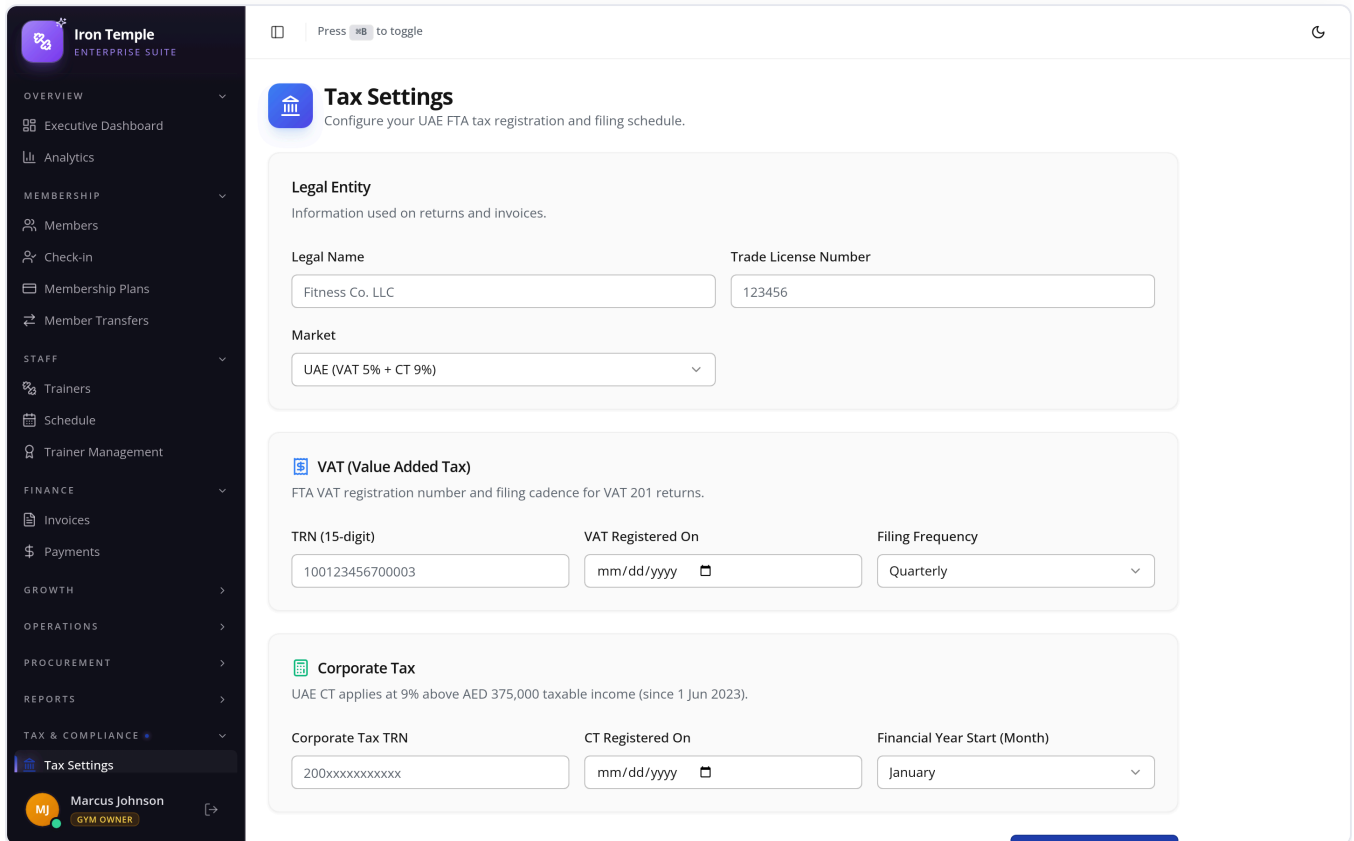

FIG. 21

# Tax Settings — set once, file forever

Configure your TRN / VATIN / GSTIN, applicable rates, tax period and rounding rules.  
Done.

## Tax Settings

Configure your UAE FTA tax registration and filing schedule.

**Legal Entity**  
Information used on returns and invoices.

Legal Name:

Trade License Number:

Market:

**VAT (Value Added Tax)**  
FTA VAT registration number and filing cadence for VAT 201 returns.

TRN (15-digit):

VAT Registered On:

Filing Frequency:

**Corporate Tax**  
UAE CT applies at 9% above AED 375,000 taxable income (since 1 Jun 2023).

Corporate Tax TRN:

CT Registered On:

Financial Year Start (Month):

MJ Marcus Johnson  
GYM OWNER

FIG. 22

# VAT Returns — file in minutes, not days

Fitro360 generates the return directly from your invoices and bills. Drill into any line to see the underlying transactions. Lock and file when ready — full audit pack included.

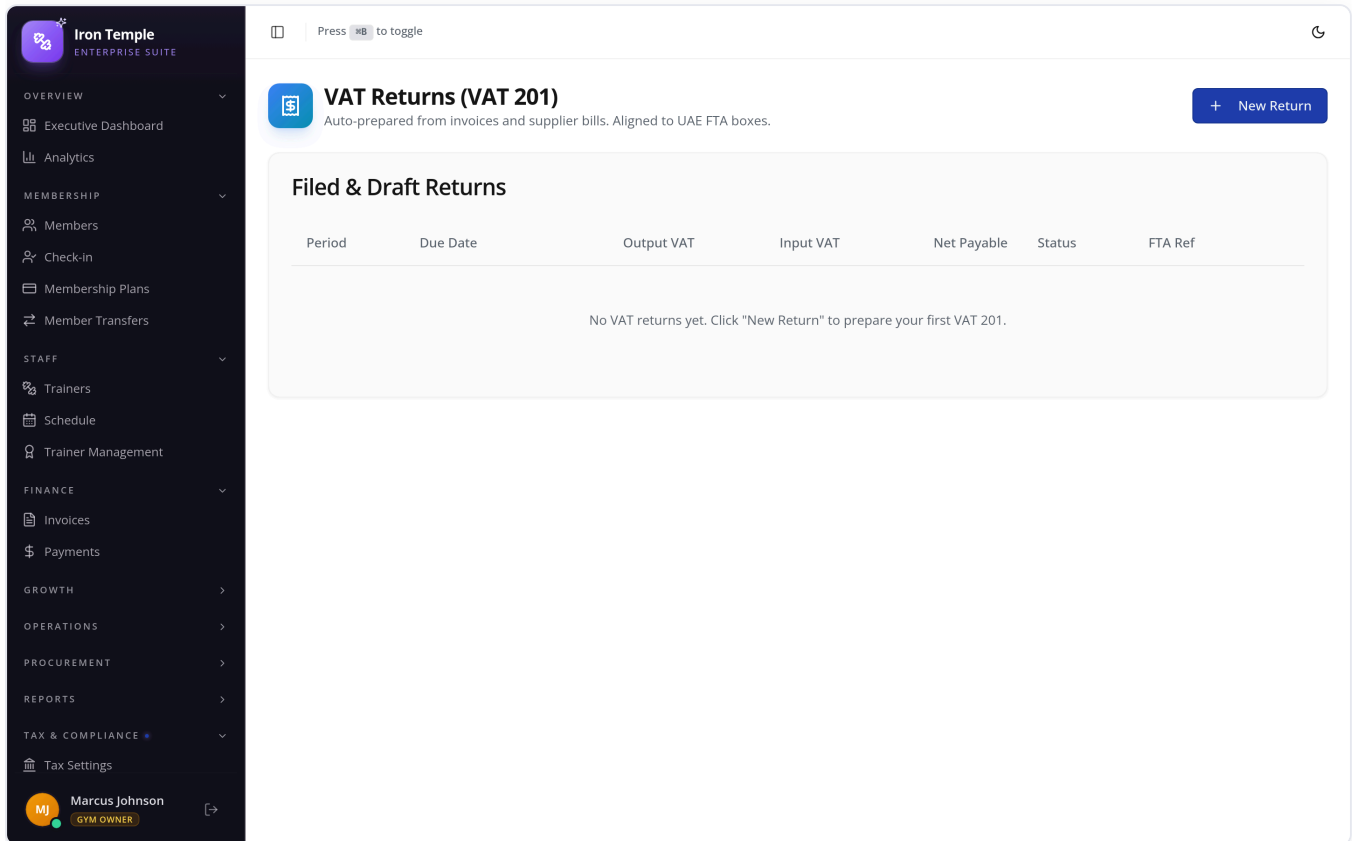

FIG. 23

# Corporate Tax — taxable profit, computed

Pulls revenue and expense from your ledger, applies non-deductible rules and depreciation, and produces the corporate-tax return with supporting computations.

The screenshot displays the 'Corporate Tax' section of the Iron Temple Enterprise Suite. The left sidebar contains a navigation menu with categories: OVERVIEW (Executive Dashboard, Analytics), MEMBERSHIP (Members, Check-in, Membership Plans, Member Transfers), STAFF (Trainers, Schedule, Trainer Management), FINANCE (Invoices, Payments), GROWTH, OPERATIONS, PROCUREMENT, REPORTS, and TAX & COMPLIANCE (Tax Settings). The user profile at the bottom left is Marcus Johnson, GYM OWNER. The main content area features a 'Corporate Tax' header with a green icon and a note: 'UAE CT at 9% on taxable income above AED 375,000. Small business relief available up to AED 3M revenue.' A blue button labeled '+ New CT Return' is in the top right. Below this is a 'CT Return History' section with a table header: Financial Year, Due Date, Revenue, Profit, Taxable, Tax Due, and Status. The table is currently empty, with a message stating: 'No CT returns yet. Click "New CT Return" to prepare your first filing.'

FIG. 24

# Settings — your gym's identity, your way

Branding, hours, integrations, staff permissions, notification preferences. White-label your member portal in the colours of your brand.

FIG. 25

# Notifications — never miss what matters

Failed payments, low inventory, expiring memberships, staff requests — surfaced where you'll see them, not buried in email.

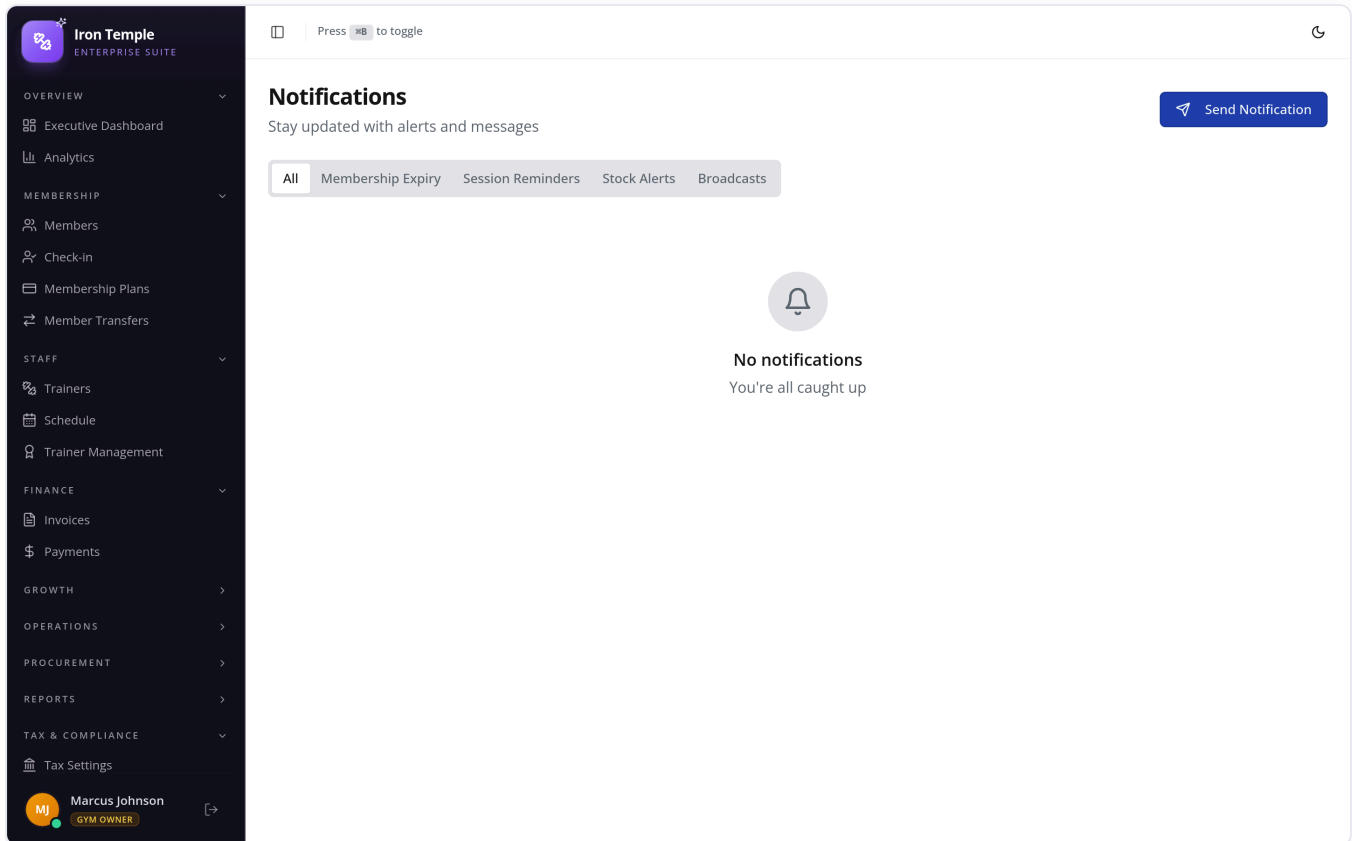

FIG. 26

## PART 3

# For the Trainer

Trainers see a focused, mobile-friendly workspace built around their day. Less admin, more coaching.

# Trainer Portal — today, at a glance

Today's sessions, assigned members, alerts and personal KPIs — all on one screen, no searching.

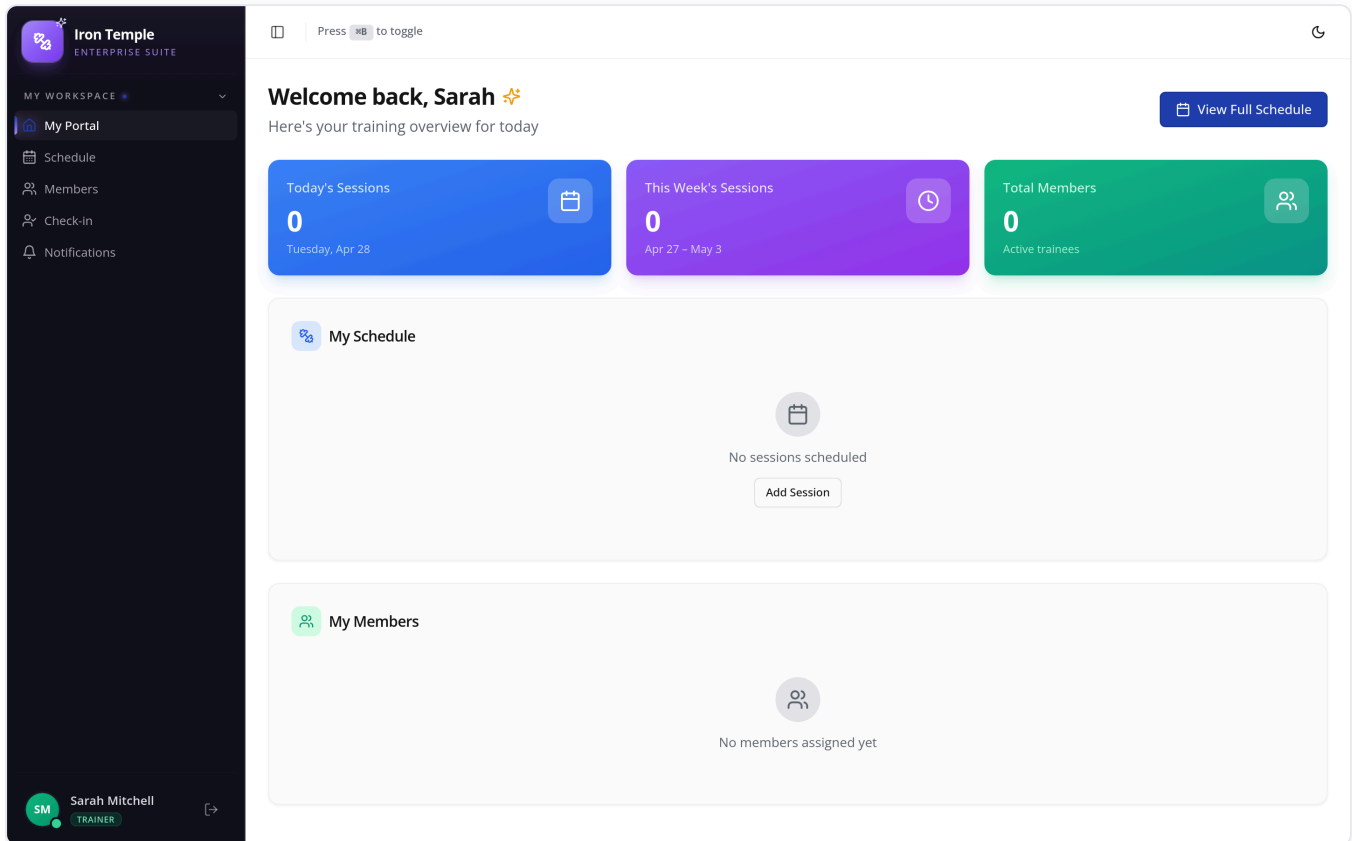

FIG. 27

## ON THE HOME SCREEN

- Today's PT sessions and classes with member names.
- Members currently under coaching.
- This-month KPIs: sessions delivered, attendance rate, retention.
- Alerts for inactive members and expiring memberships.

## Schedule – only their calendar

Day, week and month views — only the trainer's own bookings, no clutter. Add session notes, request swaps, block time off.

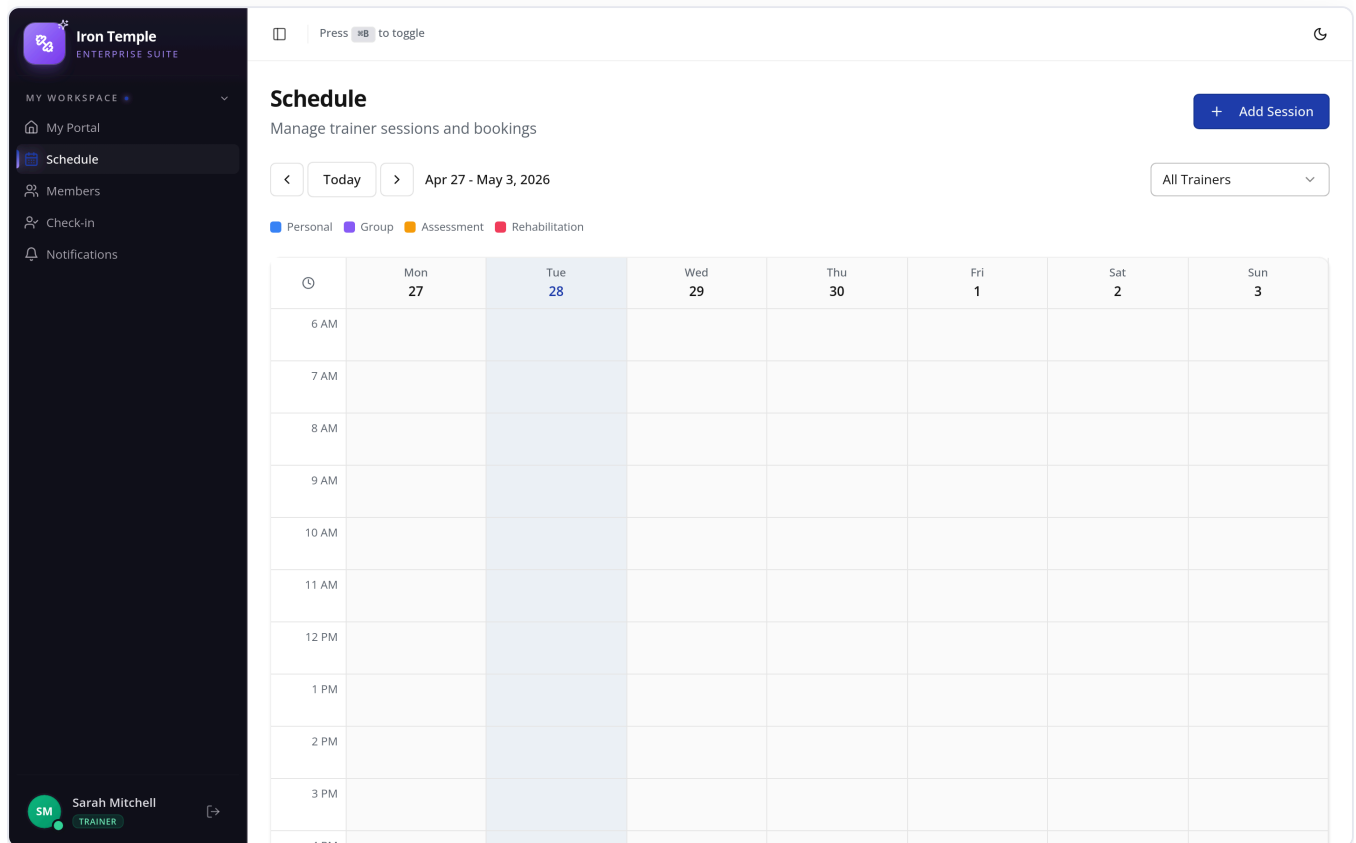

FIG. 28

# Members — coaching context built in

Goal, programme, last session, adherence, body measurements, progress photos.  
Everything they need to deliver a great session.

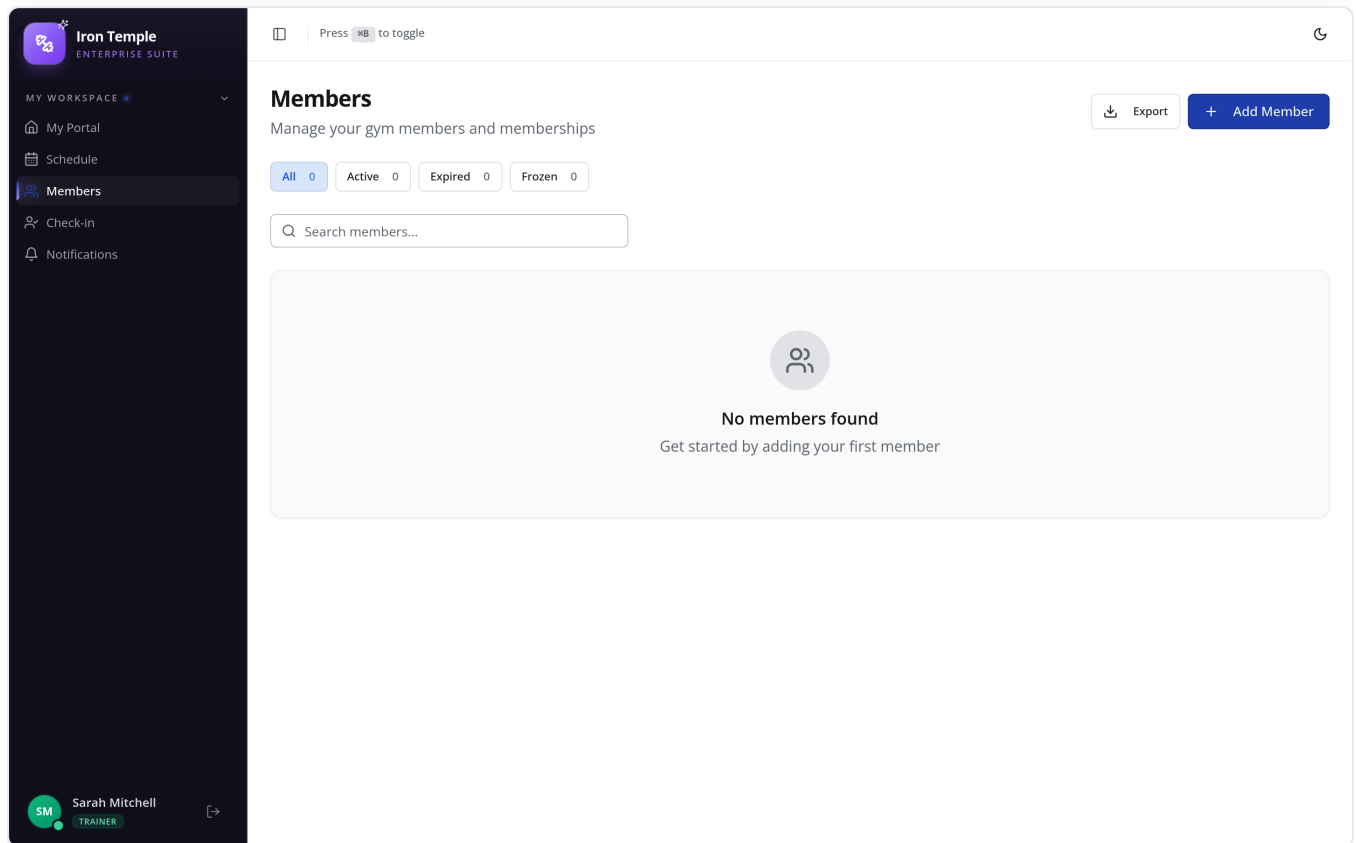

FIG. 29

# Check-In — class roster in one tap

Pick the class, see the booked roster, tick attendees. Done. Attendance flows straight into member retention metrics.

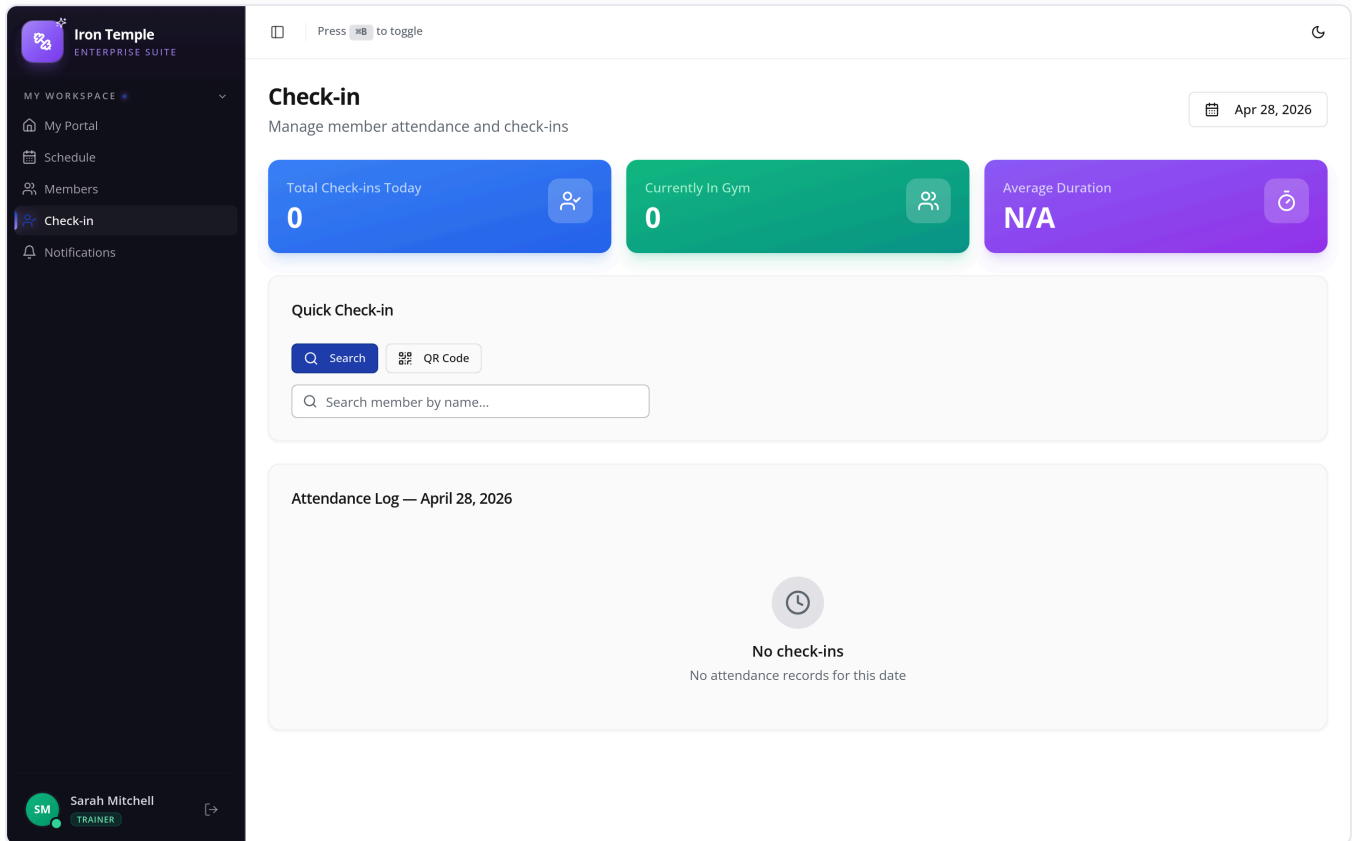

FIG. 30

**PART 4**

# For the Member

A simple, mobile-friendly portal where members book classes, track progress, manage their profile and pay outstanding balances. White-labelled with your brand.

# Dashboard — friendly, useful, theirs

Membership status, next class, streak, balance, trainer contact card. The everyday view they'll come back to.

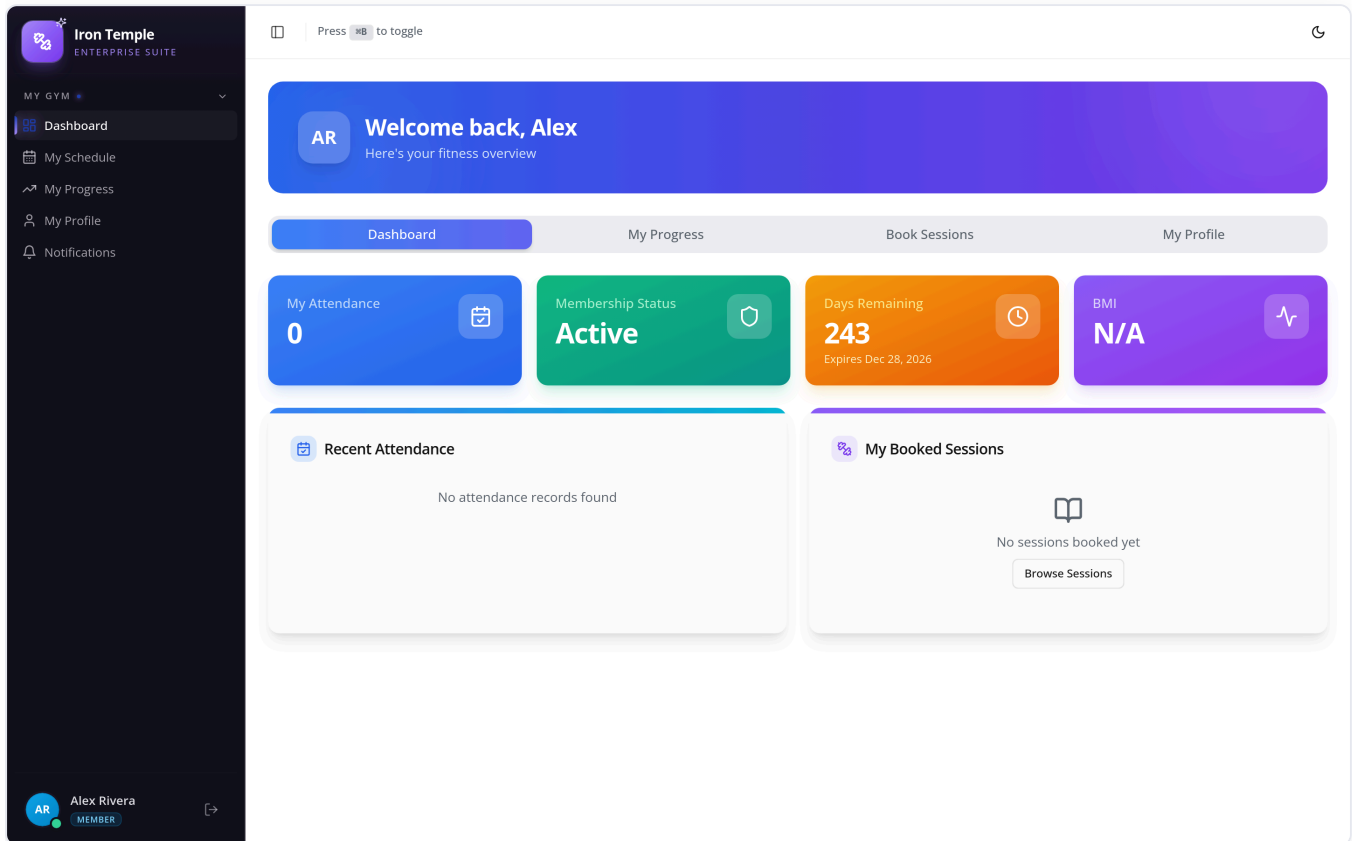

FIG. 31

# My Schedule — book in two taps

Browse the timetable, book a spot, join a waitlist, cancel before the cutoff. Add to Google or Apple Calendar in one click.

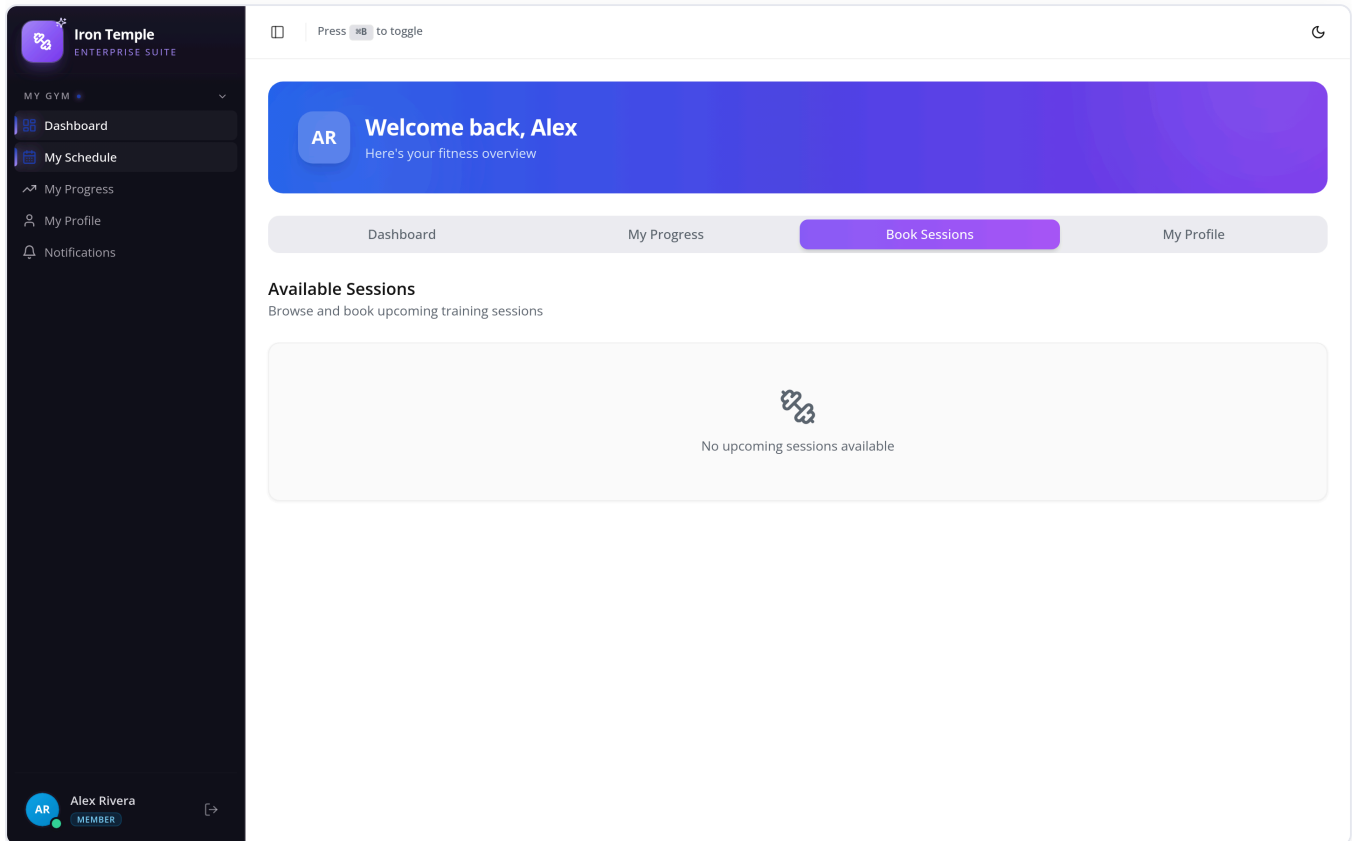

FIG. 32

# My Progress — the reason they stay

Visit consistency, body measurements, personal records, progress photos with side-by-side comparison. The visible proof that keeps them paying.

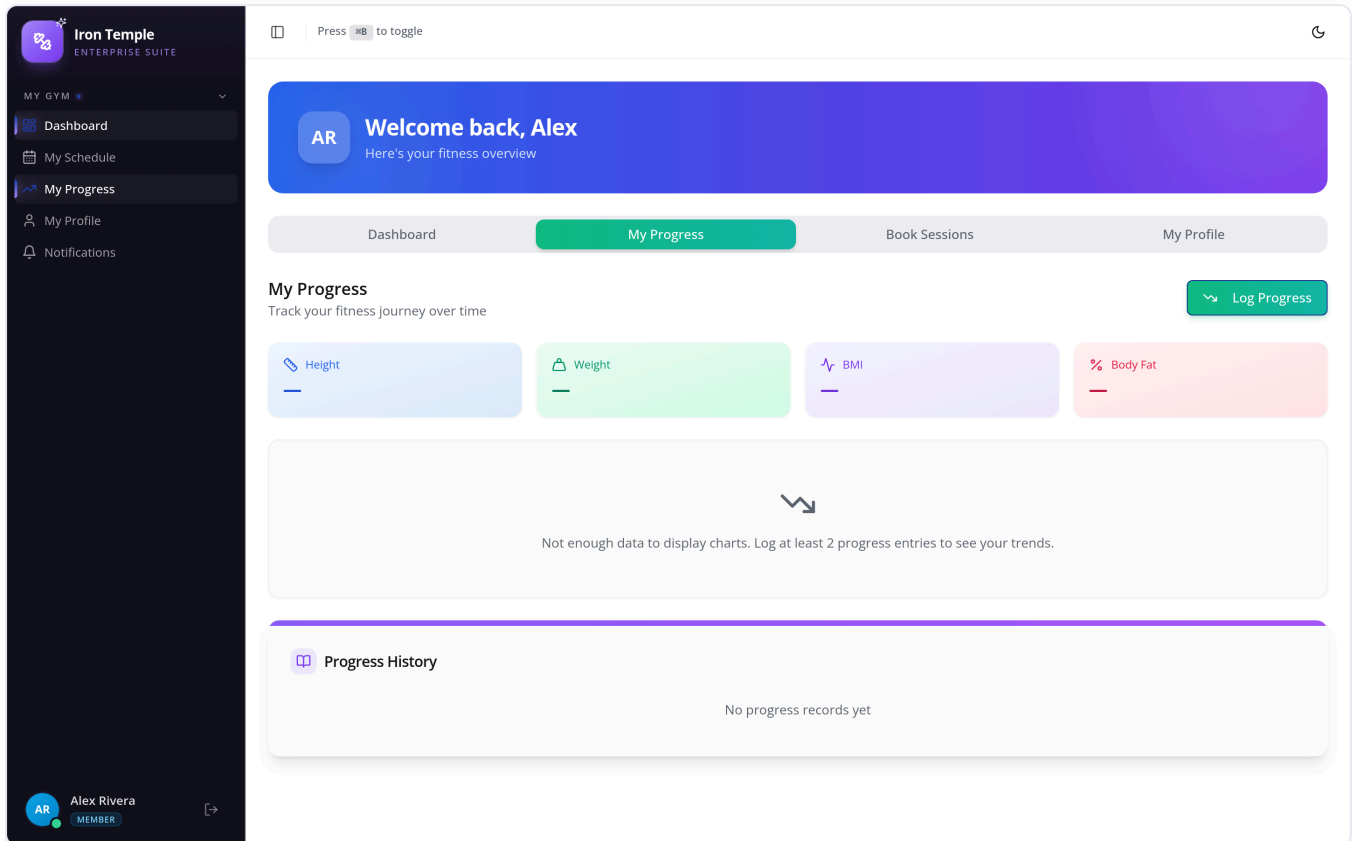

FIG. 33

# My Profile — self-service, GDPR-ready

Update details, change card, download invoices and waivers, request data export — without bothering your front desk.

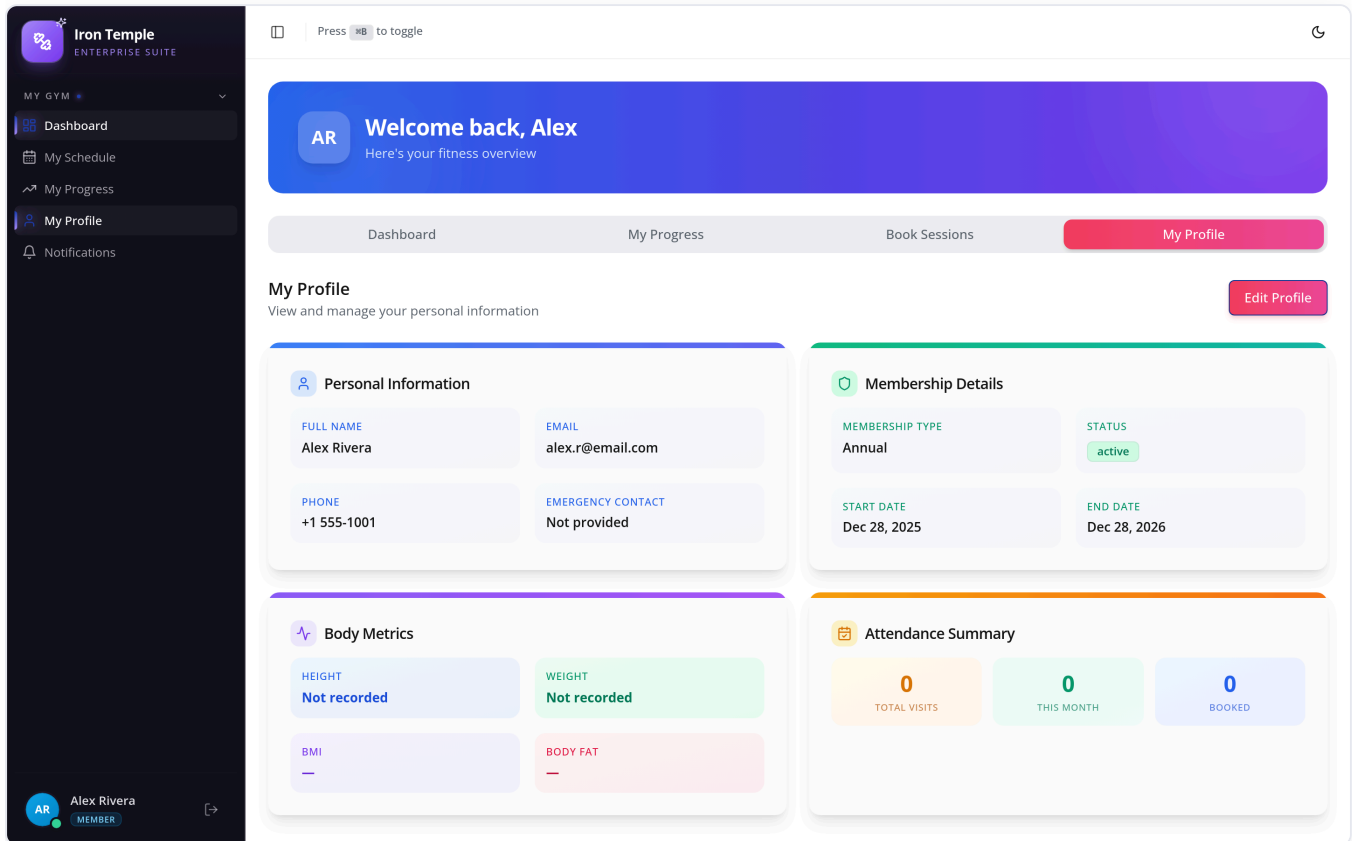

FIG. 34

PART 5

# Why Fitro360

Eight reasons gyms choose Fitro360 over a stack of disconnected tools.

# 1. One product replaces seven

---

Most gyms run on a patchwork — booking system, payments, accounting, inventory, payroll, member app, marketing. Each licence, each integration, each support ticket. Fitro360 is one product. One bill, one team to learn, one place data lives.

## 2. Built for compliance, not bolt-on

---

Tax-compliant invoicing, VAT and corporate-tax filing, fixed-asset depreciation and immutable audit trails are core features — not paid add-ons or third-party plug-ins. You'll never fail an audit because of how you bill.

## 3. AI where it earns its keep

---

Trainer-to-member matching, churn prediction, peak-hour staffing suggestions and renewal-likelihood scoring are built in and quietly do their work in the background. No prompts, no toys — just measurable retention lift.

## 4. Multi-branch from day one

---

One gym or twenty — same product, no enterprise upcharge. Each branch has its own pricing, hours, staff and inventory; you keep one consolidated view of the business.

## 5. White-label member experience

---

Your logo, your colours, your domain on the member portal and in transactional emails. Members don't see Fitro360 — they see your brand.

## 6. Bank-grade security and isolation

---

Every record is scoped to your tenant — no cross-contamination, ever. Card data never touches Fitro360 servers (handled by Stripe directly). Optional 2FA, password policy, session timeouts.

## 7. Predictable, transparent pricing

---

Pick a plan that matches your size — Basic, Pro or Enterprise. Monthly or annual. Switch any time with prorated billing. No setup fees, no per-trainer surcharges, no surprises.

## 8. Backed by a team that ships

---

New features and improvements ship monthly. Customer requests are tracked publicly. Support replies in hours, not days. You're not buying a tool — you're partnering with a product team that's invested in your success.

PART 6

# Get Started

Three steps from this PDF to a live gym workspace.

# Step 1 — Start your free trial

---

Visit the Fitro360 sign-up page, pick a plan and start a 14-day trial. No card needed. Your workspace is provisioned in seconds.

## Step 2 — Import your data

---

Members, plans, schedules and historical payments — bring them across with the guided import wizard, or have our onboarding team do it for you (included on Pro and Enterprise plans).

## Step 3 — Go live with confidence

---

Train your team in 60 minutes with the built-in walkthroughs. Run side-by-side with your old system for a week if you want to. Cut over when you're ready — we'll be on the call.

# Talk to us

---

**Ready when you are.** Email [hello@fitro360.com](mailto:hello@fitro360.com) , book a 20-minute walkthrough at [fitro360.com/demo](https://fitro360.com/demo) , or just hit reply to the email this PDF arrived in.
